PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Defined and implemented **quality control techniques** for raw materials, intermediates, and end products, ensuring compliance with **GMP** and regulatory requirements.
- Managed and controlled all **Quality Control activities**, adhering to identified quality assurance standards, company procedures, and client specifications.
- Organized and prioritized daily tasks to accurately perform **sample analysis**, meeting laboratory plan requirements and area KPIs.
- Maintained laboratory records and notebooks to an acceptable **GMP standard** and in accordance with internal procedures, ensuring data integrity.
- Performed routine calibration and maintenance of designated **laboratory instruments**, managing parts and consumables for the area.
- Investigated and supported the resolution of **OOS/OOT/atypical results** and QC incidents, documenting findings for management review.
- Collaborated with internal departments via appropriate **Hovione IT platforms** to ensure effective communication on QC work and project status.

SKILLS

Quality Control – GMP, HSE, analytical theory, analytical techniques, OOS/OOT investigation, calibration, instrument maintenance

Laboratory Operations – Sample analysis, laboratory records, data integrity, hygiene, housekeeping, shift work

Pharmaceutical Industry – Raw materials, intermediate products, end products, client specifications, contract requirements, regulatory guidelines

Data & Documentation – Checklists, laboratory notebooks, GMP standards, internal procedures, data generation

Communication & Collaboration – Written and verbal English, internal departments, audit support, self-assessment, performance review

PROJECTS

Pharmaceutical QC Data Integrity Initiative

- Enhanced data integrity protocols within the QC laboratory by implementing stricter validation checks on sample analysis records.
- Developed standardized documentation templates for laboratory notebooks, reducing data entry errors by an estimated **18%**.
- Collaborated with the QA department to audit existing procedures against **GMP** requirements, identifying and rectifying minor non-conformances.

Laboratory Instrument Calibration and Maintenance Workflow

- Streamlined the process for routine calibration and corrective maintenance of key analytical instruments, ensuring minimal downtime.
- Created a consumable inventory management system using **Python scripting** and basic data structures, improving tracking of critical lab supplies.
- Documented detailed operating procedures for instrument maintenance, facilitating knowledge transfer for new team members.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
