PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed **stock records** for high-value luxury brands, ensuring accuracy for **Rolex** and other items within the **Electronic Stock Management System**.
- Monitored **daily sales transactions** and **payment methods** to identify and investigate anomalies, supporting directors in maintaining operational integrity.
- Resolved discrepancies in **stock items sold** and conducted **meticulous data entry**, ensuring precise stock levels and accurate adjustments, stock moves, and transfers.
- Contributed to the administration and execution of **weekly, monthly, and annual stock counts**, demonstrating strong organizational and numerical skills.
- Prepared comprehensive **weekly and monthly reports and updates** for directors, translating raw data into actionable business insights.
- Collaborated with shop teams to address stock discrepancies and ensure the correct processing of sales on **tills**, working proactively to solve issues.
- Supported the implementation of **Power BI** dashboards for sales performance tracking and stock analysis, enhancing reporting capabilities for management.

SKILLS

Stock Management – Electronic Stock Management System, Stock Counts, Inventory Control, Stock Reconciliation

Data Analysis & Reporting – Sales Tracking, Data Entry, Reporting, Numerical Skills, Problem Solving

Business Operations – Teamwork, Initiative, Attention to Detail, Fast-Paced Environment, Administrative Skills

Tools & Technologies – Power BI, Microsoft Excel, Tills, POS Systems

Customer & Team Interaction – Liaison, Negotiation Skills, Professionalism, Pro-active Attitude

PROJECTS

Sales Performance and Stock Reconciliation Dashboard

- Developed a **Power BI** dashboard to visualize daily sales trends and reconcile stock movements across multiple retail locations.
- Engineered **DAX measures** to calculate key performance indicators such as sales per item, stock turnover rate, and discrepancy percentages.
- Integrated data from disparate sources using **Power Query**, ensuring a clean and accurate dataset for reporting to senior management.

Enterprise Resource Planning (ERP) System Data Integration

- Supported the integration of a **Java Spring Boot** service with an existing **ERP system** to synchronize product and inventory data.
- Wrote **SQL queries** to validate data integrity and troubleshoot data flow issues between the service and the **PostgreSQL** database.
- Automated data validation checks using **Python scripting**, reducing manual error rates in cross-system data entry by approximately 15%.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
