PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed and resolved incoming support tickets using **Plain**, prioritising based on severity and SLA requirements to achieve an **80% first-response resolution rate** for the team.
- Debugged complex technical issues across server configurations, logs, and application errors for the **Laravel ecosystem**, including **Forge**, **Vapor**, and **Envoyer**.
- Contributed to the knowledge base by documenting recurring bugs and feature requests with detailed steps for reproduction, enabling engineering teams to act on insights.
- Collaborated with customer teams to troubleshoot and resolve infrastructure and deployment issues, ensuring applications served at scale met operational requirements.
- Shipped **Java Spring Boot** REST APIs for cross-service data exchange, implementing request validation and circuit-breaker patterns to enhance system resilience.
- Developed Python scripts to automate data extraction and reporting tasks, processing approximately **1.5 TB of data** weekly for internal operational analysis.
- Containerised Java and Python services using **Docker** and deployed to **AWS EC2** instances, managing configurations and basic resource allocation.

SKILLS

Frameworks & Languages – PHP, Laravel, Java, Spring Boot, Python, SQL, R, JavaScript

Infrastructure & Operations – Linux, Ubuntu, Nginx, DNS, SSL, SSH, Docker, AWS (EC2, S3, Lambda, CloudWatch)

Databases – MySQL, PostgreSQL, Oracle, Redis

Support & Ticketing – Plain, Jira, Confluence, Zendesk

Developer Tools – Git, Jenkins, Composer, npm

Cloud Services – AWS

PROJECTS

Laravel Ecosystem Troubleshooting Guide

- Authored a comprehensive internal knowledge base and customer-facing documentation detailing common issues and resolutions for **Laravel Forge** and **Vapor** deployments.
- Developed Python scripts to simulate common deployment failures and generate diagnostic logs, used to train new support engineers on troubleshooting techniques.
- Created **saved replies** and diagnostic checklists for the support queue, reducing average resolution time for common configuration problems by **18%**.

Java Application Performance & Integration

- Engineered a **Java Spring Boot** microservice to handle asynchronous event processing from a **PostgreSQL** database, integrating with an existing enterprise system.
- Implemented **Hibernate** for efficient data persistence and retrieval, optimising queries that reduced average API response times by **30%**.
- Wrote unit and integration tests using **JUnit** and **Mockito**, achieving over **90% code coverage** for critical service functionalities.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
