PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided **application support** for enterprise systems, diagnosing and resolving **P1/P2 incidents** using **Splunk** and **Dynatrace** to maintain operational stability.
- Automated data extraction and reporting tasks using **Python scripting**, processing approximately **1.5 GB** of daily operational data for downstream analysis.
- Developed and maintained **Java Spring Boot REST APIs** for inter-service communication, handling an average of **2,500 requests per minute**.
- Managed **SQL Server** database configurations and performed schema updates for new feature releases, ensuring data integrity across multiple environments.
- Contributed to **.NET** application development by fixing bugs and implementing minor enhancements within an **Agile/Scrum** framework, participating in daily stand-ups and sprint planning.
- Collaborated with customers to troubleshoot technical issues and provided guidance on system configurations, contributing to successful **customer implementations**.
- Containerized backend services using **Docker** and deployed them to **AWS EC2** instances, ensuring consistent environments for development and production.

SKILLS

Development – .NET, Java, Spring Boot, REST APIs, Python, Docker

Databases – SQL Server, PostgreSQL, MySQL, Oracle

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Jenkins, Git, Docker

Support & Monitoring – Splunk, Dynatrace, P1/P2 Incident Response, SLA Management

Methodologies – Agile, Scrum, Change Management

Tools – Jira, Confluence, DevExpress

PROJECTS

Enterprise Application Support & Automation (HCL Technologies)

- Developed **Python automation scripts** to streamline log analysis and system health checks, reducing manual effort by an estimated **15 hours per week**.
- Participated in the production support rotation for critical enterprise applications, ensuring timely resolution of issues and adherence to strict **SLAs**.
- Performed ad-hoc **SQL queries** against PostgreSQL databases for data validation and troubleshooting during incident response.

Customer System Integration & Enhancement (HCL Technologies)

- Assisted in integrating new modules into existing customer systems, working with **Java Spring Boot** services and RESTful interfaces.
- Supported customer UAT cycles by investigating and documenting defects, providing clear technical details to the development team.
- Contributed to the enhancement of an internal dashboard by implementing new data visualization components, improving user experience for operational teams.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
