PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Designed and maintained **low-latency data pipelines** processing millions of data points daily using **Python**, **ETL** workflows, and **SQL** (PostgreSQL, MySQL, Oracle) for enterprise Java/.NET applications, enabling reliable cross-functional reporting and analytics.
- Built and deployed **REST APIs** and backend services using **Java Spring Boot**, contributing to feature development, bug resolution, and system reliability across production environments with **3.5+ years** of hands-on experience.
- Engineered **AWS**-based infrastructure (**EC2, S3, Lambda, CloudWatch**) and established **CI/CD pipelines** via **Jenkins** and **Git**, reducing deployment friction and enabling rapid iteration on backend systems.
- Implemented robust **monitoring and observability** solutions using **Splunk, CloudWatch, and Dynatrace** for SLA management and P1/P2 incident response, ensuring **99%+** system availability and rapid issue resolution.
- Collaborated with cross-functional teams using **Agile/Scrum** methodologies, owning features throughout the development lifecycle from architecture and implementation to production launch and ongoing maintenance.
- Optimized database performance and data integrity through **schema design, ad-hoc query optimization**, and validation across **PostgreSQL, MySQL, and Oracle**, supporting high-volume transactional workloads.

SKILLS

Backend & Languages – Java, Spring Boot, Python, REST APIs, Object-Oriented Design.

Databases & Data Engineering – PostgreSQL, MySQL, Oracle, SQL, ETL, Data Pipelines, pandas, NumPy.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Shell Scripting.

DevOps & Tools – Jenkins, Git, CI/CD, Jira, Confluence, Code Review.

Monitoring & Reliability – Splunk, Dynatrace, SLA Management, Production Support, System Design.

Frameworks & APIs – Spring Boot, Flask, FastAPI, Angular.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Enterprise Data Pipeline & Aggregation System (HCL Technologies)

- Architected and implemented **multi-source data ingestion pipelines** in **Python** that aggregated customer data from internal and external systems, processing **millions of data points daily** with sub-second latency requirements.
- Designed **PostgreSQL** and **MySQL** schemas to optimize query performance for audience segmentation and customer analytics, reducing query execution time by **40%** through indexing and denormalization strategies.

- Deployed **AWS Lambda functions** and scheduled **Python scripts** to automate data validation, transformation, and reporting workflows, eliminating manual overhead and improving data reliability.

Microservices Backend & Campaign Automation Platform (HCL Technologies)

- Developed **Java Spring Boot microservices** powering campaign creation and automation features, implementing business logic for message triggering, audience targeting, and delivery orchestration across distributed systems.
- Built comprehensive **REST API endpoints** with proper error handling, validation, and documentation, enabling seamless integration with frontend and third-party systems; maintained **99%+ uptime** through monitoring and rapid incident response.
- Established **Jenkins CI/CD pipelines** and **Docker containerization** strategies for reliable deployments, collaborated on architecture reviews to define scalability patterns, and owned features from design through production monitoring.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
