PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed HR reporting and metrics for key areas including **headcount**, **turnover**, and **absence tracking**, supporting data-driven decision-making.
- Provided first-line HR support to employees and managers, addressing queries and ensuring adherence to company **policies** and **procedures**.
- Maintained accurate and up-to-date **HR systems** and employee records, ensuring compliance with **data protection requirements**.
- Supported end-to-end **recruitment processes**, including job postings, interview coordination, and preparation of offer documentation.
- Coordinated onboarding activities for new hires, including IT setup, system access, and welcome communications to ensure a smooth transition.
- Assisted with employee relations matters by preparing documentation and supporting processes such as grievances and disciplinary actions.
- Contributed to HR projects and initiatives, providing coordination and administrative support for policy updates and employee engagement programs.

SKILLS

HR Administration – HR reporting, Employee records management, Data protection, Benefits administration, Policy adherence, HRIS systems, Time & Attendance reporting

Recruitment & Onboarding – End-to-end recruitment support, Job posting, Interview coordination, Offer documentation, Onboarding coordination, Exit interviews

Employee Relations – Grievance procedures, Disciplinary processes, Performance management, Employee support

Project Coordination – HR project support, Initiative coordination, Event planning, Employee engagement

Technical Skills – Microsoft Office Suite, Power BI, SQL, Python scripting

PROJECTS

HR Operations Dashboard Enhancement (HCL Technologies)

- Developed and maintained **HR operational dashboards** using **Power BI** to visualize key metrics such as headcount, turnover, and absence trends for management review.
- Automated the generation of monthly **Time & Attendance BI reports** using **Python scripting**, reducing manual effort by approximately 15 hours per month.
- Collaborated with HR business partners to gather requirements and refine dashboard visualizations, ensuring alignment with strategic HR objectives and stakeholder needs.

Employee Lifecycle Process Streamlining (HCL Technologies)

- Designed and implemented standardized documentation templates for employee relations processes, including grievances and disciplinary actions, improving consistency across the HR team.
- Supported the coordination of onboarding for over 50 new hires, developing a checklist that ensured timely completion of IT setup, system access, and required documentation.
- Managed the maintenance of over 200 employee personnel files, ensuring accurate and up-to-date records in compliance with GDPR and internal data retention policies.
