PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Designed and implemented **Qualtrics surveys** and custom data collection tools to gather feedback from over **1,500 internal stakeholders** across three departments.
- Analyzed **Qualtrics survey data** using statistical methods and created comprehensive reports and dashboards in **Power BI**, identifying key drivers of employee engagement.
- Provided hands-on **training and support** to a user base of 200+ employees on effective **Qualtrics platform** usage and best practices for survey design.
- Managed and maintained the **Qualtrics experience management platform**, ensuring optimal performance and data integrity for all active projects.
- Collaborated with cross-functional teams to define business needs for feedback collection, translating requirements into actionable **Qualtrics survey solutions**.
- Developed and implemented strategies to increase survey response rates, achieving an average uplift of **18%** through targeted communication and follow-up campaigns.
- Integrated **Qualtrics** data with internal systems via **API integrations**, enabling automated data flow for enhanced business intelligence.

SKILLS

Survey Platforms – Qualtrics, Survey Design, Data Collection Tools

Data Analysis & Visualization – Power BI, Tableau, Excel, DAX, Power Query, Statistical Analysis, R, Python, SQL

Project Management – Agile Methodologies, Scrum, Stakeholder Management, Requirements Gathering, Deadline Management

Platform Management – Platform Optimization, Data Integrity, API Integrations, Web Technologies

Communication & Support – Training, User Support, Presentation Skills, Interpersonal Skills, Problem-Solving

PROJECTS

Customer Feedback Analysis Platform

- Developed interactive **Power BI dashboards** to visualize customer feedback trends from multiple sources, enabling the product team to track sentiment and identify areas for improvement.
- Wrote **SQL queries** against a data warehouse to extract, transform, and load customer interaction data for analysis, ensuring data accuracy for reporting.
- Applied **statistical methods** and hypothesis testing to analyze A/B test results for new feature rollouts, providing data-backed recommendations to product stakeholders.

Employee Engagement Survey Initiative

- Designed and deployed a comprehensive **Qualtrics survey** to gather employee feedback on workplace culture and operational efficiency, reaching over **800 employees**.
- Analyzed survey results using **Python** (pandas, scikit-learn) to identify key themes and correlations, presenting findings and actionable insights to HR leadership.
- Managed the end-to-end survey lifecycle, from design and distribution to data cleaning and final report generation, ensuring timely delivery before the quarterly review.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
