PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Raised **purchase requisitions** for facilities services and contracts, processing an average of **15-20 requisitions per week**.
- Reconciled purchase orders and invoices for completed facilities work, ensuring accuracy and adherence to contract terms for approximately **50 vendors**.
- Maintained comprehensive records for **service contracts** and **Service Level Agreements (SLAs)**, tracking renewal dates and compliance metrics.
- Scheduled and coordinated contractor visits and ad-hoc maintenance calls, ensuring minimal disruption to site operations and supporting **8 key service providers**.
- Monitored and updated the facilities service request system, resolving an average of **30-40 requests weekly** within defined response times.
- Supported EHS and Health & Safety compliance by diligently updating and maintaining **record logs** and safety documentation.
- Developed and maintained an accurate **asset register** for facilities equipment and office infrastructure, tracking over **500 assets**.

SKILLS

Administration – Purchase Requisition, Invoice Reconciliation, Service Contracts, Vendor Management, Record Maintenance, Asset Register.

Software Proficiency – Microsoft Office Suite (Word, Excel, Outlook, PowerPoint), Internal Systems Learning.

Compliance & Safety – EHS Records, Health & Safety Compliance, Facilities Services.

Communication & Organisation – Client Relations, Supplier Communication, Scheduling, Reporting, Problem-Solving.

Project Support – Office Space Planning, People Moves, Maintenance Scheduling.

PROJECTS

Facilities Operations Support System Enhancement

- Developed a system for tracking and managing facilities service requests, integrating with existing vendor management processes at HCL Technologies.
- Automated the generation of weekly status reports on service request resolution times, providing insights that led to a **15% improvement** in response efficiency.
- Collaborated with the facilities operations team to define requirements for improved record-keeping of maintenance schedules and contractor performance.

Vendor Contract Management and Reconciliation

- Engineered a centralized database and reporting mechanism for managing vendor contracts and associated Service Level Agreements (SLAs) for an enterprise client.
- Implemented a reconciliation workflow that cross-referenced invoices against completed work orders, identifying and rectifying discrepancies that saved an estimated **€5,000 annually**.
- Designed a system for scheduling and tracking regular contractor reviews, ensuring ongoing vendor performance alignment with business needs.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
