PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Performed physical, chemical, and chromatographic testing on raw materials and finished goods, adhering to cGMP and ISO compliance standards.
- Prepared and updated laboratory documentation, including Control forms and Standard Operating Instructions (SOIs), ensuring accuracy and traceability.
- Developed technical reports and data trends under lab management guidance, translating analytical results into actionable insights for plant operations.
- Participated in laboratory projects focused on Method Transfers, Verifications, and Validations, contributing to the continuous improvement of analytical processes.
- Assisted in the identification, investigation (OOS's), and resolution of laboratory problems, ensuring timely and effective troubleshooting.
- Maintained laboratory equipment and ensured its proper functioning to support consistent and reliable testing outcomes.
- Contributed to a **cGMP** and **ISO compliant** laboratory environment, supporting audit preparations and ensuring an audit-ready state.

SKILLS

Laboratory Testing – Physical testing, Chemical testing, Chromatographic testing, Compendia testing, Raw material analysis, Product release.

Analytical Techniques – AA, LC, GC, IR.

Quality & Compliance – cGMP, ISO compliance, Audit preparation, Standard Operating Instructions (SOIs), Control forms.

Data & Reporting – Trend analysis, Technical reports, Data interpretation.

Laboratory Operations – Equipment maintenance, Method Transfers, Method Verifications, Method Validations, OOS investigations.

General Skills – IT competence, Communication skills, Problem-solving, Lean Sigma programs.

PROJECTS

Analytical Method Development for Pharmaceutical Intermediates

- Developed and validated new analytical methods for key pharmaceutical intermediates using **HPLC** and **GC**, achieving a **15% improvement** in detection limits.
- Documented all method development activities, including validation protocols and reports, in compliance with **cGMP** guidelines and internal SOPs.
- Collaborated with the quality control team to transition developed methods into routine laboratory use, ensuring a smooth handover and providing training.

Stability Study Data Analysis and Reporting

- Analyzed extensive stability study data for finished pharmaceutical products using **R** and **pandas**, identifying trends and potential shelf-life implications.
- Generated comprehensive stability reports, including statistical analysis and visualizations, to support product registration and regulatory submissions.
- Managed study data integrity and ensured adherence to the established testing schedule and protocols.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
