PROFESSIONAL EXPERIENCE

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Supported development and implementation of **QA/QC plans** and procedures for construction projects, ensuring adherence to project specifications.
- Assisted in conducting inspections and testing of construction materials and workmanship, verifying compliance with quality standards.
- Reviewed and interpreted **technical drawings** and specifications to ensure site activities align with project requirements.
- Maintained comprehensive quality documentation, including detailed **inspection reports** and test records, for project audits.
- Collaborated with site teams and subcontractors to address and resolve identified quality issues, facilitating timely corrective actions.
- Participated in **root cause analysis** for non-conformances and contributed to the development of corrective action plans.
- Promoted a culture of quality and continuous improvement across project teams through proactive engagement and support.

SKILLS

Quality Management – QA/QC plans, Inspection, Testing, Documentation, Audits, Non-conformance, Corrective Actions

Construction Domain – Data Centre Construction, Turnkey Solutions, Civil, Structural, Mechanical, Electrical, Commissioning

Project Support – Technical Drawings, Specifications, Site Teams Liaison, Subcontractor Coordination, Supplier Management

Software & Tools – MS Office Suite, QA/QC Software (familiarity)

Core Competencies – Attention to Detail, Analytical Skills, Communication, Organization, Health & Safety Standards

PROJECTS

Data Centre Civil Works Quality Assurance

- Developed and executed a detailed **QA/QC plan** for civil engineering aspects of a large-scale data centre project, focusing on concrete structures and foundation integrity.
- Conducted on-site inspections of formwork, rebar placement, and concrete pours, documenting findings and raising non-conformance reports where necessary.
- Reviewed project specifications and **technical drawings** to ensure all civil works met stringent quality and regulatory requirements.

Electrical Systems Installation Compliance

- Supported the quality control process for electrical installations, including cabling, panel boards, and earthing systems, across multiple project sites.
- Assisted in the verification of material certifications and test reports against project requirements, maintaining a central quality log.
- Liaised with electrical subcontractors to address punch list items and ensure adherence to **installation standards** and safety protocols.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin

Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India

2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
