PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and implemented a **Root Cause Failure Analysis Program**, reducing general equipment breakdowns by **18%** through structured analysis and support for maintenance personnel.
- Executed the site maintenance program for plant and equipment, ensuring **compliant, reliable, and efficient operations** by collaborating with Site Engineering Managers and Planners.
- Managed daily start-up checks on plant machinery, identifying potential issues proactively and ensuring **smooth factory operation** and adherence to production schedules.
- Completed **swift and safe repairs** on all machinery breakdowns, minimizing downtime and maintaining high operational efficiency across the manufacturing facility.
- Ensured all **servicing and maintenance** activities were performed efficiently, safely, and hygienically, contributing to a **15% improvement** in overall equipment effectiveness.
- Implemented and meticulously followed a **preventative maintenance schedule**, ensuring all records were accurately completed and contributing to a **22% reduction** in unscheduled downtime.

SKILLS

Maintenance & Operations – Root Cause Failure Analysis, Preventative Maintenance, Equipment Servicing, Machine Repair, Production Support, SLA Management, Incident Response

Manufacturing Environment – Fast-Paced Manufacturing, Food Manufacturing (Advantage), Health & Safety Compliance, Environmental Responsibilities, Site Operations

Engineering Support – Mechanical Maintenance, Electrical Maintenance (Advantage), Plumbing, Refrigeration Systems (Advantage), Work Planning, Reliability Engineering

Data & Reporting – Maintenance Records, KPI Monitoring, Performance Metrics, Schedule Adherence, Data Entry & Validation

Collaboration & Communication – Teamwork, Interpersonal Skills, Taking Direction, Professional Communication, Cross-functional Collaboration

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Agri-Food Plant Reliability & Efficiency Improvement Initiative

- Designed and deployed a comprehensive **preventative maintenance program** for critical machinery, increasing scheduled adherence from **75% to 92%** within six months.

- Established a **Root Cause Failure Analysis (RCFA) framework**, leading to a **20% decrease** in recurring equipment breakdowns through systematic investigation and documented solutions.
- Developed and maintained detailed **maintenance logs and performance dashboards** using SQL and Python scripting, providing Site Engineering Managers with actionable insights into equipment health and operational efficiency.

Financial Operations Dashboard Enhancement

- Enhanced a **payments operations dashboard** by implementing real-time transaction monitoring alerts, reducing critical incident response times by **30%**.
- Automated reconciliation workflow checks using Python scripts, improving data accuracy and reducing manual reconciliation effort by **25%**.
- Collaborated with business analysts to define requirements for new operational alerts, ensuring adherence to **GDPR-aware production environments** and audit trail requirements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
