

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Automated **deployment processes** for cloud-native applications, reducing manual intervention by **40%** and increasing deployment frequency by **3x**.
- Implemented comprehensive **monitoring, logging, and alerting** frameworks using **Splunk** and **Dynatrace**, improving incident detection time by **30%** for critical financial-services dashboards.
- Designed and maintained **CI/CD pipelines** in **Jenkins** for Java Spring Boot services, enabling automated testing and faster delivery of new features, reducing release cycles by **2 days**.
- Managed and optimized **PostgreSQL** and **MySQL** databases for enterprise business systems, supporting schema changes and data validation that ensured data integrity for critical ERP integrations.
- Developed **Python scripts** for automating ETL tasks and data validation, processing over **1 million records** daily and reducing manual data handling efforts by **25%**.
- Contributed to the development of a **payments operations dashboard**, implementing transaction monitoring and reconciliation workflows that improved operational visibility and reduced processing errors by **15%**.

SKILLS

Cloud & Infrastructure – Azure, AWS, Terraform, Docker, Kubernetes, Linux

CI/CD & Automation – Azure DevOps, GitLab CI, Jenkins, Git, Python scripting, Bash scripting

Observability & Monitoring – Splunk, Dynatrace, CloudWatch, Logging, Alerting, Health Checks

Databases & Data Management – PostgreSQL, MySQL, Oracle, Data Warehousing, SQL, Data Modeling

Programming Languages – Python, Java, Spring Boot, Bash, PowerShell

DevSecOps & Security – Secrets Management, Vulnerability Scanning, Network Security, Authentication, Authorization

Tools & Methodologies – Agile, Scrum, Jira, Confluence, REST APIs, IaC

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Multi-Region Kubernetes GitOps Platform with Blue-Green Deployment Automation

- Engineered a self-service **Kubernetes** platform across **Azure** and **AWS** regions, enabling development teams to provision isolated environments via **GitLab CI** and **Terraform**.
- Implemented a **GitOps** workflow using Argo CD, automating deployments and ensuring environment consistency, resulting in a **50% reduction** in deployment-related incidents.

- Developed automated blue-green deployment strategies with integrated health checks and rollback capabilities, reducing downtime during releases to less than **5 minutes**.
- Integrated **secrets management** using HashiCorp Vault and implemented vulnerability scanning for container images, enhancing the overall security posture of the platform.

HCL Financial Services Transaction Monitoring Dashboard

- Supported a high-availability **payments operations dashboard** for a financial-services client, focusing on real-time transaction monitoring and alerting for failed messages.
- Developed **Python** scripts for data ingestion and validation, processing millions of transaction records and ensuring accuracy for reconciliation workflows.
- Managed production environments with strict SLAs, implementing robust logging and monitoring with **Splunk** to ensure operational awareness and rapid incident response.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
