PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Resolved complex system and equipment problems by performing **advanced troubleshooting** on **Microsoft OS (Windows 10, 11)** and **macOS**, reducing average resolution time by **18%**.
- Provided first-level assistance for **audio/visual equipment** and collaboration spaces, ensuring **99.5% uptime** for critical meeting room technology through proactive maintenance and rapid response.
- Managed **hardware support** for computers, printers, and peripherals across the Cork office, completing over **500 support tickets** with a **95% first-contact resolution rate**.
- Served as a key liaison between the Service Delivery team and Infrastructure, Security, and Application Development groups, facilitating seamless **cross-functional collaboration** to address IT needs.
- Contributed to innovative solution implementation by collaborating with the Lead Network Analyst to suggest and deploy new **enterprise application administration** strategies, enhancing user productivity by **15%**.
- Supported internal and external support organizations in resolving network issues, ensuring continuity of operations for critical business systems and maintaining **service level agreements (SLAs)**.

SKILLS

Operating Systems – Microsoft Windows 10, Windows 11, macOS

Hardware & Peripherals – Computers, Printers, Audio/Visual Equipment

Enterprise Systems Support – Microsoft 365, Adobe Products, Third-Party Applications

IT Support & Service Delivery – First-Level Assistance, Troubleshooting, SLA Management, Incident Response

Collaboration & Communication – Cross-functional Liaison, Stakeholder Management, Technical Documentation

Networking Fundamentals – Network Issue Resolution Support, Infrastructure Collaboration

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Acme Corp. Enterprise System Health Monitoring Dashboard

- Developed a comprehensive **Power BI dashboard** to monitor the health and performance of critical enterprise applications, integrating data from **Splunk** and **Dynatrace**.
- Implemented automated data refresh schedules and **DAX measures** for key performance indicators, enabling real-time visibility into system status and reducing critical alert response times by **25%**.

- Collaborated with IT operations and development teams to define reporting requirements and deliver actionable insights, supporting proactive identification and resolution of potential system failures.

HCL Financial Services Transaction Flow Monitoring

- Enhanced a **payments operations dashboard** by building new monitoring capabilities for transaction flows, reducing the time to identify failed payments by **30%**.
- Developed **Python scripts** to automate data validation and reconciliation checks for high-volume transaction messages, improving data accuracy across the processing pipeline.
- Managed production support activities, including incident response and SLA adherence, for a critical financial-services client's operational platform.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
