PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed a portfolio of **multiple concurrent data center projects**, ensuring adherence to strict timelines and budget constraints, achieving **98% on-time delivery**.
- Drove **revenue growth** through consistent, high-quality project execution on data center builds, resulting in a **15% increase in repeat business** from key clients.
- Delivered projects targeting and maintaining **targeted profit margins**, successfully completing engagements without financial write-downs and preserving **average profit margins of 12%**.
- Proactively identified and mitigated **Risk Triggering Factors (RTFs)** across complex client engagements, implementing effective risk mitigation strategies that reduced project disruptions by **20%**.
- Directed project teams in the efficient execution of large-scale data center programs, minimizing exposure to contractual claims and ensuring **zero claims** on 10+ high-value projects.
- Supervised and mentored **three Project Managers** overseeing concurrent large-scale data center programs, fostering professional development and improving team performance by **10%**.

SKILLS

Project Management – Data Centers, Colocation Facilities, Full Project Lifecycle, Procurement, Construction, Commissioning, Risk Management, Client Engagements, Financial Management, Contractual Claims

Technical Domain – Infrastructure Consulting, Mission-Critical Projects, Performance Standards, Reliability, Efficiency, Program Management, Design Development

Software & Tools – Jira, Confluence, Microsoft Project, **Power BI**, SQL (PostgreSQL, MySQL, Oracle)

Methodologies – Agile/Scrum, Change Management, Regulatory Compliance (GDPR-aware environments)

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux

Programming Languages – Java (Spring Boot), Python, R, DAX

Data Analytics – Data Modelling, Data Warehousing, ETL, Statistical Analysis, Business Intelligence

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Global Data Center Infrastructure Upgrade Program (HCL Technologies)

- Managed the end-to-end delivery of a multi-phase infrastructure upgrade for a global data center client, coordinating teams across **3 continents**.
- Implemented a standardized **procurement and construction process**, reducing average project delivery time by **18%** and ensuring adherence to strict performance and reliability standards.

- Oversaw risk management for the program, identifying and mitigating **potential operational disruptions** and contractual issues, resulting in **zero project write-downs** across the portfolio.

Financial Services Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a payments operations dashboard for a financial-services client, implementing new **transaction monitoring** features and **operational alerting** for failed payment messages.
- Developed Python scripts to automate data ingestion and validation for **reconciliation workflows**, improving data accuracy by **99.5%**.
- Collaborated with business analysts to gather requirements and support User Acceptance Testing (UAT), ensuring the platform met **regulatory and GDPR-aware** production environment standards.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
