

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Produced and validated actuarial liability data and reserves for **IFRS and SII reporting**, contributing to the accuracy of financial statements and reducing data reconciliation time by **15%**.
- Assisted in the production of solvency and IFRS movement analysis and projections, supporting the actuarial team in forecasting capital requirements and achieving a **98%** accuracy rate in projections.
- Supported the streamlining and automation of existing actuarial reporting processes using **Python scripting**, reducing manual effort by **20%** and improving report generation speed.
- Developed and maintained **risk dashboards** and committee papers for business stakeholders, enhancing transparency and communication regarding risk exposure and mitigation strategies.
- Contributed to new model developments and supported the annual assumption setting exercise by performing data analysis and validation using **SQL and R**, ensuring model robustness.
- Provided actuarial support on various project initiatives, including translating business requirements into technical specifications for actuarial models and reporting systems, ensuring **85%** project requirement alignment.

SKILLS

Actuarial & Risk – Actuarial Liability Data, Economic Scenarios, Actuarial Reserves, Solvency II, ORSA, Internal Model, Risk Dashboards, Assumption Setting.

Reporting & Analysis – IFRS Reporting, SII Reporting, Movement Analysis, Projections, Financial Guarantees, Statistical Analysis, Data Validation.

Programming & Automation – Python Scripting, SQL (PostgreSQL, MySQL, Oracle), R / RStudio, Excel (Advanced).

Business Intelligence & Visualization – Power BI, DAX, Tableau, Data Modelling, Power Query.

Enterprise Systems & Support – ERP Systems Support, Change Management, Production Support, Incident Response, Jira, Confluence.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Actuarial Reserve & Liability Projection Platform (MSc Data Analytics)

- Developed a comprehensive data model in **Power BI** to ingest and process actuarial liability data from disparate sources, enabling dynamic reporting for **IFRS and SII** standards.

- Implemented advanced **DAX measures** for complex actuarial reserve calculations and solvency movement analysis, achieving a **30%** reduction in manual calculation time.
- Automated the generation of economic scenario data for actuarial projections using **Python and SQL**, ensuring consistency and adherence to regulatory requirements and reducing processing time by **40%**.

Payments Operations Monitoring Dashboard (HCL Technologies)

- Engineered and maintained a production support dashboard for a financial-services client, focusing on **transaction monitoring** and operational alerting for failed payment messages.
- Developed **Python automation scripts** for data pipeline ETL processes and scheduled reporting, improving data accuracy by **99%** and reducing report generation cycles by **25%**.
- Managed change control processes for system configuration updates and coordinated User Acceptance Testing (UAT) for new features, ensuring seamless integration across interconnected enterprise systems.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
