PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Gathered and documented business objectives, specifications, and requirements for medium to large projects, facilitating clear communication between business users and the technology team, achieving **100% alignment** on project scope.
- Provided technical support to business users on the Reporting application suite, resolving an average of **15 support requests per week** with a **98% satisfaction rate**.
- Analysed customer requirements for new reporting requests, translating them into actionable technical specifications that assisted developers in identifying system enhancements, leading to a **20% reduction in development rework**.
- Developed and delivered end-to-end reporting solutions for the fund services business line, implementing new reporting requests and ensuring projects remained on budget and on time by adhering to SDLC and quality validation processes.
- Created and conducted workshops and training sessions for business users on new reporting functionalities, authoring comprehensive user manuals that improved user adoption by **30%**.
- Managed change-control processes for system configuration updates and coordinated User Acceptance Testing (UAT) for enterprise business systems, ensuring seamless post-go-live support and successful system integrations.

SKILLS

Business Analysis & Reporting – Requirements Gathering, Business Objectives, System Enhancements, Reporting Application Suite, Fund Services Reporting, User Manuals, Training Sessions, Workshops, SDLC, Quality Validation

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, Statistical Analysis, Exploratory Data Analysis, Business Intelligence

Database & Scripting – MS SQL, PostgreSQL, MySQL, Oracle, SQL Queries, Python Scripting, ETL, Pandas, NumPy

Software Development & Support – Java Spring Boot, REST APIs, .NET, Production Support, Incident Response, SLA Management, CI/CD, Jenkins, Git

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Shell Scripting

Project Management & Collaboration – Agile/Scrum, Jira, Confluence, Change Management, UAT Coordination, Cross-functional Collaboration, Time Management

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Alter Domus Global Reporting Dashboard Implementation

- Designed and implemented a comprehensive global reporting dashboard using **MS SQL** and **Power BI** to consolidate fund services data, providing real-time insights into key performance indicators and reducing manual reporting efforts by **40%**.
- Gathered requirements from multiple business units, translating complex financial data needs into functional reporting specifications and conducting user acceptance testing to ensure accuracy and alignment with business objectives.
- Automated data extraction and transformation processes using **Power Query** and SQL scripts, improving data refresh rates by **50%** and ensuring data integrity across all reports.

HCL Financial Services Transaction Monitoring Dashboard

- Developed and maintained production support for a payments operations dashboard, implementing transaction-flow monitoring and operational alerting for financial-services clients, sustaining **99.9% uptime**.
- Wrote **Python** scripts to automate data validation and generate scheduled reports on payment message processing, reducing manual effort by **25%**.
- Managed incident response and SLA management for critical payment message flows, analysing logs in **Splunk** and resolving P1/P2 incidents within defined timeframes.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
