PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed a team of 15+ Process Technicians and Associates, ensuring adherence to the production schedule and achieving production targets by **98%** through effective shift management and cross-functional collaboration with support teams.
- Oversaw shift operations for formulation and aseptic filling of drug products, maintaining the highest standards of **Quality and Safety** by implementing rigorous GMP compliance and conducting regular Aseptic Coaching.
- Drove problem-solving efforts to minimize schedule disruptions, reducing critical incident resolution time by **20%** by working with cross-functional teams including Maintenance, Engineering, and Quality Assurance.
- Facilitated daily scheduling and team meetings, aligning groups on critical activities to meet the manufacturing plan and ensuring clear accountability for expected performance levels via the **Maximizing Amgen's Performance (MAP) process**.
- Supported the commissioning and qualification of new filling lines, contributing to the successful product transfer by integrating new technologies and ensuring seamless collaboration with Technical Services and Engineering departments.
- Implemented **lean practices** and continuous improvement opportunities, resulting in a **15%** reduction in waste and a **10%** increase in operational efficiency on the production floor.

SKILLS

Manufacturing Operations – Good Manufacturing Practices (GMP), Aseptic Filling, Formulation, Production Scheduling, Regulatory Compliance, Batch Records (EBRs), Process Technicians

Leadership & Team Management – People Management, Performance Management, Coaching, Mentoring, Team Development, Cross-functional Collaboration, MAP Process

Quality & Compliance – Quality Assurance (QA), Quality Control (QC), Audits (FDA, HPRA), EH&S, Regulatory Requirements, Safety Standards

Process Improvement – Lean Manufacturing, Continuous Improvement, RFT Techniques, Problem-Solving, Commissioning, Qualification

Technology & Systems – Electronic Batch Records (PAS/X), Quality Tracking System (QMTS), Personnel Performance Tracking (MAPs), Computer Skills, AI Mindset

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Biopharmaceutical Aseptic Filling Line Optimization (HCL Technologies)

- Led a cross-functional team to integrate and optimize a new **aseptic filling line** for a biopharmaceutical client, ensuring compliance with **GMP** and regulatory standards.
- Developed and implemented new operational procedures for shift technicians, improving adherence to the production schedule by **18%** and reducing batch record deviations by **25%**.
- Collaborated with Quality Assurance and Technical Services to ensure successful commissioning and qualification, reducing the time to full production readiness by **15%**.

Clinical Study Data Analysis & Reporting Platform (MSc Data Analytics Project)

- Designed and developed interactive **Power BI dashboards** for clinical study data, enabling stakeholders to monitor key performance indicators and analyze trial progress.
- Engineered ETL processes using **Power Query** to integrate data from multiple sources, ensuring data accuracy and consistency for reporting and analysis.
- Applied statistical methods and **DAX measures** to derive actionable insights, supporting data-driven decision-making for study design and outcome assessment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
