PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed project lifecycles for capital projects within the Facilities Department, ensuring adherence to schedules and budgets by coordinating with cross-functional teams and contractors, resulting in **on-time delivery** for 95% of project milestones.
- Provided **mechanical engineering support** for facility upgrades and new installations, developing and reviewing mechanical designs and technical submittals to align with project requirements and internal standards.
- Analyzed project data and prepared detailed reports for management, contributing to informed decision-making and identifying potential project risks by tracking key performance indicators like **budget variance** and schedule adherence.
- Facilitated collaboration with internal departments and external vendors, ensuring seamless project integration and timely business solutions by managing communication channels and resolving interdependencies.
- Supported the preparation of technical documentation and the procurement of materials and equipment, contributing to project efficiency and cost-effectiveness through meticulous record-keeping and vendor management.
- Assisted in the development and review of **Standard Operating Procedures (SOPs)** and other critical documentation, enhancing operational consistency and compliance within the Facilities Department.

SKILLS

Project Management – Capital Projects, Planning, Execution, Budgeting, Scheduling, Risk Mitigation, EHS

Mechanical Engineering – Facility Upgrades, New Installations, Design Review, Technical Submittals

Software & Tools – AutoCAD, Revit, Microsoft Office Suite (Word, Excel, PowerPoint, Project)

Data Analysis & Reporting – Project Data Analysis, Performance Reporting, KPI Tracking

Collaboration & Communication – Cross-functional Teams, Vendor Liaising, Contractor Management, Business Solutions

Documentation – Technical Documentation, SOP Development, Equipment Registers, Trackers

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Smart Facilities Management System Integration (HCL Technologies)

- Integrated a new **smart building management system** with existing enterprise resource planning (ERP) modules, improving real-time data flow for facilities operations and reducing manual data entry by **40%**.

- Developed automated reporting dashboards using **Power BI** to visualize key facilities metrics, including energy consumption, space utilization, and maintenance schedules, enabling management to make data-informed decisions.
- Managed the change control process for system configurations and UAT coordination, ensuring seamless integration across interconnected systems and minimizing operational disruption during deployment.

Capital Project Portfolio Optimization Platform

- Designed and implemented a centralized platform for managing a portfolio of capital projects, consolidating project plans, budgets, and risk assessments to improve oversight and resource allocation.
- Developed automated workflows for tracking contractor progress and validating technical submittals, accelerating project approval cycles by an average of **15%** and ensuring compliance with EHS standards.
- Generated comprehensive project status reports and financial summaries using **Microsoft Excel** and integrated data from multiple sources, providing clear visibility into project health and forecasting potential budget deviations.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
