+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Resolved over **95%** of incoming support tickets within the first 24 hours by diagnosing and fixing issues across **macOS, ChromeOS**, and core **SaaS platforms** like Google Workspace and Slack.
- Streamlined **employee onboarding** processes by developing and maintaining **Python scripts** that automated account provisioning and device enrollment, reducing setup time by **30%**.
- Managed and troubleshooted **access management** and employee lifecycle workflows, ensuring secure and timely provisioning/de-provisioning for over **500** employees through integrated identity systems.
- Enhanced operational efficiency by contributing to **automation efforts**, developing **Bash and Python scripts** to resolve repetitive tasks and improve system reliability, decreasing manual intervention by **40%**.
- Developed and maintained comprehensive **internal documentation**, including runbooks and how-to guides, which improved new hire ramp-up time by **20%** and reduced recurring support queries.
- Contributed to cross-functional IT projects, including the rollout of new endpoint management tools, coordinating user acceptance testing (UAT) and post-implementation support for **100+ users**.

SKILLS

Operating Systems – macOS, ChromeOS, iOS, Android, Linux

Cloud & SaaS – Google Workspace, Slack, GitHub, Atlassian, AWS

Scripting & Automation – Python, Bash, SQL

IT Support & Operations – Ticketing Systems (Jira), Incident Response, Onboarding/Offboarding, Access Management, MDM Fundamentals, Network Fundamentals (DNS, DHCP, VPN)

Endpoint Management – Device Enrollment, Configuration Profiles, Policy Enforcement

Development & Tools – Java Spring Boot, REST APIs, Docker, Git, Jenkins

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Automated IT Onboarding and Device Management Platform

- Engineered a comprehensive automation solution for IT onboarding, integrating **Python scripts** with core SaaS platforms (Google Workspace, Slack) to provision user accounts and licenses, reducing onboarding time for new hires by **35%**.
- Developed and deployed automated device enrollment and configuration profiles for **macOS** and **ChromeOS** endpoints using MDM fundamentals, ensuring compliance with security policies and reducing manual setup errors by **90%**.

- Created a centralized knowledge base using Confluence, populated with detailed runbooks and troubleshooting guides for common IT issues, which decreased average ticket resolution time by **15%**.

Payments Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a **payments operations dashboard** by developing new monitoring capabilities in **Java Spring Boot**, enabling real-time tracking of transaction flows and reducing detection time for failed payments by **25%**.
- Automated data validation checks for inbound transaction messages using **Python scripts**, improving data integrity and reducing reconciliation discrepancies by **18%** across high-volume financial workflows.
- Collaborated with business analysts to refine operational alerting mechanisms, ensuring timely notification of critical incidents and supporting adherence to strict SLAs in a **financial-services** production environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
