PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed **high-performance data applications** with **minimal latency** and **exceptional user experience**, integrating **Generative AI capabilities** to enhance data accessibility and actionability, achieving a **30% reduction in data retrieval times**.
- Designed and implemented **rich, interactive user interfaces** using **ReactJS** and **NodeJS**, focusing on **business-critical metrics** and insights delivery, resulting in a **40% increase in user engagement** with analytical dashboards.
- Engineered **RESTful service layer components** with **Java** and **Python**, supporting seamless integration between front-end applications and backend data platforms, enabling **real-time data updates** for 10,000+ concurrent users.
- Architected and deployed **data applications** on **AWS** infrastructure, managing resources like **EC2** and **Lambda**, and ensuring **exceptional user experience** through efficient data processing and querying, leading to a **20% improvement in application responsiveness**.
- Managed the complete development lifecycle from concept to production deployment for **data applications**, including design, implementation, and testing within a **consistent release schedule**, successfully shipping **5 major feature releases** in the last year.
- Collaborated closely with internal stakeholders to understand **business strategies** and **solution needs**, championing platform enhancements and new capabilities that transformed user experience and improved **data accessibility** by 35%.

SKILLS

Frontend Development – ReactJS, NodeJS, JavaScript, HTML5, CSS3

Backend Development – Java, Spring Boot, Python, REST APIs

Data Platforms & AI – Generative AI, Large Language Models, Data Applications, Data Warehousing, Business Intelligence

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Databases – PostgreSQL, MySQL, Oracle, Relational Databases

Analytics & Visualization – Power BI, DAX, Tableau, R, Python (pandas, NumPy, scikit-learn)

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India

01/2021

PROJECTS

Real-Time Business Intelligence Dashboard (HCL Technologies)

- Developed a **real-time business intelligence dashboard** for financial services operations, aggregating **transaction monitoring** and **reconciliation workflows** data from disparate sources.
- Engineered **data pipelines** using **Python** and **SQL** to ingest and process high-volume transaction messages, ensuring data accuracy for **audit trails** and **regulatory awareness**, processing over 5 million records daily.
- Implemented **operational alerting** and **transaction-flow monitoring** using **Splunk** and **Dynatrace**, reducing incident response time by **25%** and maintaining strict SLAs for a critical financial services client.

Interactive Data Analytics Platform with Generative AI Integration

- Architected and developed a scalable **data application** that integrates **Generative AI capabilities**, specifically **Large Language Models**, to provide natural language querying and summarization of complex datasets.
- Built interactive front-end components using **ReactJS** and **NodeJS**, coupled with a robust **Java** RESTful service layer, to deliver business-critical metrics with **minimal latency**, achieving a **30% improvement in report generation speed**.
- Designed and implemented data models and queries against **PostgreSQL**, ensuring efficient data retrieval for both analytical reporting and AI model inference, supporting datasets exceeding 1TB.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
