

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Installed, maintained, and troubleshoot **advanced semiconductor equipment**, achieving a **15% reduction** in unscheduled downtime by implementing predictive maintenance approaches.
- Utilized **digital diagnostic tools** and machine data analytics to resolve complex technical issues, improving equipment performance by **12%** and ensuring adherence to zero-defect culture.
- Executed preventative and corrective maintenance on diverse systems including **electrical, vacuum, and mechanical** components, sustaining **99.8%** operational uptime for critical customer equipment.
- Coordinated directly with customers to ensure smooth operations and exceptional service delivery, resulting in a **10% increase** in customer satisfaction scores for service interactions.
- Developed and applied **Python scripting** for data analysis and automation tasks, supporting diagnostic efforts and streamlining reporting processes by **20%**.
- Managed **change-control processes** for system configuration updates and coordinated User Acceptance Testing (UAT), ensuring seamless integration and post-go-live support for enterprise business systems.

SKILLS

Field Service Engineering – Equipment Installation, Maintenance, Troubleshooting, Preventative Maintenance, Corrective Maintenance, Customer Support, Cleanroom Environment, Hand Tools, Digital Multimeters, Schematics Interpretation

Digital Diagnostics & Analytics – Machine Data Analysis, Predictive Maintenance, AI-driven Diagnostics, Data Interpretation, Statistical Analysis

Systems & Components – Electrical Systems, Vacuum Systems, Mechanical Systems, Hydraulic Systems, Plasma Systems, Gas Systems, Pneumatics, Thermodynamics

Software & Automation – Python Scripting, Automation, Data Pipelines, ETL, CI/CD, Jenkins, Git, Linux Shell Scripting

Enterprise Systems Support – ERP Integration, Change Management, UAT Coordination, Cross-System Integrations, REST APIs, Database Operations (PostgreSQL, MySQL, Oracle)

Business Acumen – Customer Communication, Interpersonal Skills, Teamwork, Problem-Solving, Data Analysis for Decision Making, Structured Learning

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Advanced Semiconductor Equipment Uptime Optimization Platform (HCL Technologies)

- Developed a real-time monitoring system using **Python and AWS CloudWatch** to track key performance indicators for semiconductor fabrication equipment, reducing critical failures by **18%**.
- Implemented predictive maintenance algorithms based on machine data analysis, forecasting potential component failures and enabling proactive interventions that improved equipment availability by **14%**.
- Integrated diagnostic data streams with a central dashboard, allowing field service engineers to remotely assess equipment health and reduce on-site diagnostic time by an average of **25%**.

Automated Production Reporting Suite (HCL Technologies)

- Engineered automated Python scripts to extract, transform, and load data from multiple enterprise systems (PostgreSQL, Oracle) into a central data warehouse, reducing manual reporting efforts by **30%**.
- Developed REST APIs using **Java Spring Boot** to serve aggregated data for downstream financial services dashboard applications, ensuring timely and accurate operational insights.
- Managed CI/CD pipelines using **Jenkins** for automated testing and deployment of reporting modules, increasing release frequency by **50%** while maintaining strict audit trail compliance.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
