

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and deployed **Claude-powered applications** to automate operational tasks, reducing manual effort by **30%** and accelerating process completion times.
- Mapped and analysed complex business processes using **BPMN 2.0**, identifying bottlenecks and recommending optimisations that improved workflow efficiency by **15%**.
- Managed project lifecycles from initiation to closure using a **lean project methodology**, ensuring adherence to scope, risk management, and timely delivery for key innovation initiatives.
- Interfaced with stakeholders across Operations, Maintenance, and Engineering teams to gather requirements and communicate project progress, ensuring alignment with ASL's strategic goals.
- Enhanced operational data analysis by integrating **Python** scripting for data ingestion and transformation, improving reporting accuracy for key performance indicators by **20%**.
- Contributed to the improvement of MRO (Swiss-AS) and flight operations (CAE) systems by developing and testing software solutions, ensuring compliance with aviation industry standards.

SKILLS

AI & Machine Learning – Claude Platform, AI-Powered Analysis, Prompt Engineering, Generative AI

Software Development – Python, Java, Spring Boot, REST APIs, Node.js, JavaScript

Project Management & Business Analysis – Lean Methodologies, BPMN 2.0, Stakeholder Engagement, Process Optimisation, Agile/Scrum, Jira, Confluence

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Google Cloud Platform, Docker, Jenkins, Git

Data Analysis & BI – Power BI, DAX, Tableau, SQL (PostgreSQL, MySQL, Oracle), Data Warehousing, Data Modelling

Operating Systems & Scripting – Linux, Shell Scripting, Python Scripting

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

AI-Powered Aviation Operations Optimisation Platform (HCL Technologies)

- Designed and implemented an AI-driven platform using **Claude** to analyse flight operational data and maintenance logs, surfacing critical insights for predictive maintenance.
- Developed **Python** scripts for data ingestion from diverse sources (e.g., CAE, Swiss-AS systems) and integrated them into a unified data pipeline, processing over 10,000 records daily.

- Built interactive dashboards in **Power BI** to visualise AI-generated insights and process performance metrics, enabling stakeholders to make data-informed decisions and track optimisation progress.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Developed and maintained a **payments operations dashboard** supporting a financial-services client, focusing on transaction-flow monitoring and operational alerting for failed payment messages.
- Implemented automated data validation and reconciliation workflows using **SQL** across PostgreSQL and Oracle databases, ensuring data integrity for over 1 million transactions weekly.
- Managed production support for the dashboard, responding to P1/P2 incidents and implementing fixes within strict SLA parameters, achieving **99.9%** system uptime.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
