

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Monitored and troubleshoot **data center network infrastructure**, achieving a **99.8% uptime** by responding to alerts within defined **Service Level Agreements (SLAs)**.
- Performed fault isolation and resolution on **routing and switching devices**, diagnosing and correcting Layer 1-3 network issues to restore service within **15 minutes**.
- Managed the **technical support ticket queue**, acknowledging, tracking, and documenting over **500 incidents** monthly, ensuring accurate resolution logs in **ServiceNow**.
- Developed **Python scripts** to automate routine network checks and alert correlation, reducing manual monitoring effort by **30%** and improving incident detection speed.
- Collaborated with cross-functional teams and smart hands to coordinate hardware replacements and vendor RMAs, ensuring timely resolution of critical network events.
- Documented and optimized operational processes, including **Methods of Procedure (MOPs)** and **Standard Operating Procedures (SOPs)** for network change management and incident response, contributing to a **10% reduction** in recurring issues.

SKILLS

Network Operations – Network Monitoring, Incident Response, Fault Isolation, Tier 1 NOC, Data Center Networks, Routing, Switching, Layer 1-3 Troubleshooting, MOPs, SOPs, RMA Processes

Ticketing Systems – ServiceNow, Jira, Incident Management, Ticket Escalation, SLA Management

Automation & Scripting – Python, Shell Scripting, Script Development, Automation Solutions

Network Fundamentals – IP Addressing, VLANs, Routing Protocols, Switching Concepts, CLI

Monitoring Tools – SolarWinds, Nagios, PRTG, CloudWatch, Splunk, Dynatrace

Infrastructure & Cloud – AWS, EC2, Linux, Docker

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Automated Network Health Monitoring & Alerting System (HCL Technologies)

- Engineered an automated system using **Python** and **AWS CloudWatch** to proactively monitor network device health, detecting over **100 unique failure conditions** across 1000+ devices.
- Developed custom alerts and dashboards within **Splunk**, correlating events from multiple sources to reduce false positives by **25%** and accelerate diagnostic timelines.

- Implemented automated remediation scripts for common network faults, resolving **15% of P1 incidents** without manual intervention and minimizing service disruption.

Network Incident Management Workflow Optimization (HCL Technologies)

- Streamlined the incident management process by implementing standardized **MOPs** and **SOPs** within **Jira**, ensuring consistent fault isolation and escalation for network issues.
- Reduced average ticket resolution time by **18%** through improved documentation, clear communication channels, and defined roles for cross-functional collaboration.
- Partnered with audit teams to ensure accurate documentation of network configurations, contributing to a **95% compliance rate** for infrastructure audits.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
