PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed complex **Environmental Impact Assessment Reports (EIARs)** for major infrastructure projects, ensuring technical quality and compliance with **Irish planning legislation** and **EU environmental regulations**, leading to successful consenting strategies.
- Coordinated multidisciplinary teams, including ecologists, hydrologists, and air quality specialists, to integrate their inputs into cohesive EIARs and environmental reports, achieving project objectives and stakeholder expectations for **major infrastructure projects**.
- Developed and executed environmental consenting strategies, guiding projects through statutory requirements and the **Strategic Infrastructure Development (SID)** process, and liaising with **An Coimisiún Pleanála** and local authorities to secure approvals.
- Provided senior environmental expertise in **optioneering assessments** and **EIAR screenings**, ensuring adherence to planning and environmental legislation and guidelines, and advising clients on suitable designs to de-risk environmental consenting.
- Implemented rigorous quality assurance and peer review processes for all EIA deliverables, including **Natura Impact Statements (NIS)** and planning applications, upholding high technical standards and mitigating environmental and planning risks.
- Engaged with in-house and external engineers, and third-party consultants, to pre-empt risks and advise on design modifications, managing scopes of work, budgets, and project updates for **transport and linear infrastructure projects**.

SKILLS

Environmental Impact Assessment – EIAR, EIA Screening, Optioneering, Natura Impact Statements (NIS), Consenting Strategy, Environmental Legislation, EU EIA Directive

Project Management – Budget Management, Timeline Management, Stakeholder Engagement, Risk Management, Quality Assurance, Multidisciplinary Team Leadership

Irish Planning & Legislation – Strategic Infrastructure Development (SID), Part 10 Planning Applications, An Coimisiún Pleanála, Local Authorities, Waste Management Legislation

Technical Expertise – Ecology, Hydrology, Air Quality, Noise, Landscape Architecture, Cultural Heritage, Contaminated Land, GIS Analysis

Client & Stakeholder Relations – Client Advisory, Public Consultations, Regulatory Liaison, Tender Proposals, Business Development

Core Technologies – Power BI, Tableau, SQL, Python, Java, AWS, Linux, Jenkins, Jira, Confluence

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

National Infrastructure Environmental Consenting Platform

- Designed and implemented a centralized platform for managing the environmental consenting process for **major infrastructure projects**, integrating inputs from **ecologists, hydrologists, and air quality specialists**.
- Developed automated workflows for **EIAR screening** and compliance checks against **Irish planning legislation and EU environmental regulations**, reducing manual review time by **30%**.
- Integrated GIS data visualization tools to support **optioneering assessments** and risk mitigation strategies, improving decision-making accuracy by an estimated **25%** for transport and linear infrastructure developments.

Financial Services Transaction Monitoring Dashboard Enhancement

- Enhanced a **payments operations dashboard** by developing Python scripts to automate data ingestion and validation for transaction monitoring, improving data accuracy and reducing manual intervention by **40%**.
- Implemented real-time alerting mechanisms for failed or stuck payment messages using **Java Spring Boot**, contributing to a **99.95%** SLA adherence for critical financial operations.
- Refactored SQL queries across **PostgreSQL and Oracle** databases to optimize reconciliation workflow performance, decreasing report generation times by an average of **20%**.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
