PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Delivered supply chain projects by coordinating cross-functional technical teams, achieving project goals aligned with new product introduction (NPI) targets and objectives.
- Managed laboratory testing for clinical chemistry raw material and supplier qualification, reducing qualification timelines by **15%** through structured failure investigation and corrective action recommendations.
- Authored comprehensive documentation of test results and generated reports for Supply Chain Management (SCM) files, ensuring **100% compliance** with internal standards and regulatory requirements.
- Provided technical support to internal departments for problem resolution and product maintenance, resolving an average of **10 critical issues** per quarter.
- Facilitated the qualification of new raw materials and suppliers for clinical chemistry applications, contributing to a **20% reduction** in material-related production delays.
- Enhanced laboratory testing processes by implementing standardized documentation and report generation, leading to a **30% improvement** in data accuracy and traceability for SCM files.

SKILLS

Project Management – Supply Chain Projects, NPI Coordination, Cross-functional Teams, Technical Operations, Project Delivery, Timelines, Workload Prioritization.

Laboratory & Testing – Clinical Chemistry, Raw Material Qualification, Supplier Qualification, Failure Investigation, Root Cause Analysis, Corrective Actions, Laboratory Equipment, Reagent Preparation.

Data Analysis & Reporting – Statistical Analysis, Experimental Design, Data Analysis, Report Generation, SCM Files, Documentation, Record Keeping, Biochemistry, Biology, Immunology, Hematology.

Regulatory & Quality – GMP, FDA Regulations, ISO Regulations, Quality Assurance, GDPR Awareness, Audit Trails.

Technical Operations – Product Maintenance Support, Internal Problem Resolution, Technical Support, Value Assignment.

Core Technologies – Power BI, Tableau, Python, Java, SQL, Spring Boot, AWS, Linux, Jenkins, Jira, Confluence.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Clinical Chemistry Reagent Qualification & Supply Chain Optimization Platform

- Developed and implemented a new platform for managing the qualification of raw materials and suppliers for clinical chemistry diagnostics, reducing qualification cycle time by **25%**.
- Integrated failure investigation techniques and root cause analysis methodologies into the platform, decreasing repeat material failures by **18%** and improving product reliability.
- Generated automated reports for Supply Chain Management (SCM) and quality assurance teams, ensuring adherence to **GMP, FDA, and ISO regulations** and improving audit readiness.

Payments Operations Dashboard Enhancement & Monitoring

- Enhanced features for a financial-services client's payments operations dashboard, improving transaction monitoring and operational alerting for failed payment messages, achieving **99.95% uptime**.
- Developed Python scripts for data validation and automated reporting on reconciliation workflows, reducing manual data processing effort by **40%**.
- Collaborated with business analysts to gather requirements for new alerting mechanisms, supporting regulatory and GDPR awareness within the production environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
