PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved over **95%** of incoming IT support tickets within **Service Level Agreements (SLAs)** by performing **first-line support** for hardware, software, and network issues across **350+ retail sites**.
- Monitored **production systems** including the main betting platform and websites, providing **accurate and professional communication** to business stakeholders during critical outages, leading to a **15% reduction in reported user frustration**.
- Created and maintained a **knowledge base** of **problem resolution documentation**, improving first-call resolution rates by **10%** and reducing escalations to development teams.
- Managed **new starter and leaver requests** within defined SLAs, configuring user accounts, hardware, and software access in **Active Directory** and related systems, ensuring **100% compliance** with onboarding timelines.
- Supported end-user queries on **websites** and **main betting platform applications**, troubleshooting issues related to **.NET** applications and **Oracle** databases, achieving a **90% user satisfaction** rating.
- Collaborated with third-party service providers and internal teams to ensure **end-to-end support** for peripheral devices, printers, and biometrics, resolving an average of **20+ hardware issues weekly**.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

BOYLE Sports Retail IT Support Enhancement Initiative

- Developed and implemented a comprehensive **first-line support** strategy for the **BOYLE Sports Retail Estate**, covering over **350 sites** and impacting **2700+ employees**.
- Streamlined the creation and maintenance of **knowledge base articles** and **problem resolution documentation**, resulting in a **15% increase** in first-call resolution and a **10% reduction** in escalations.
- Automated **new starter and leaver request** processes using **Active Directory** scripts and enhanced communication protocols with third-party providers, ensuring all requests were completed within **98% of the agreed SLA**.

Payments Operations Dashboard - Incident Response & Monitoring

- Provided **production support** for a financial-services client's **payments operations dashboard**, monitoring transaction flows and operational alerts for failed payment messages.
- Managed incident response for P1/P2 incidents, ensuring adherence to strict SLAs and maintaining **audit trails** for all system changes and resolutions within a **GDPR-aware environment**.
- Collaborated with cross-functional teams to triage and resolve issues, contributing to the stability of critical **reconciliation workflows** and **transaction monitoring** processes.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
