PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed **ITSM queues** and adhered to defined **SLA's** for infrastructure incidents, resolving over **500 tickets** monthly to end-user satisfaction.
- Maintained and integrated with **enterprise business systems**, including ERP modules and operational platforms, ensuring **99.9%** system availability through proactive monitoring and rapid incident response.
- Automated data processing and reporting tasks using **Python scripting**, reducing manual effort by **40%** and enabling timely generation of key operational metrics.
- Developed and deployed **Java Spring Boot** microservices for feature enhancements, improving application performance by **15%** through optimized REST API design.
- Implemented **change management processes** for system configuration updates across interconnected systems, coordinating UAT and post-go-live support to minimize disruption.
- Analyzed and remediated **vulnerabilities** identified by Cyber scanning tools and vendor security bulletins, enhancing the security posture of production environments.

SKILLS

Cloud Platforms – AWS, Azure

Virtualization – Nutanix, VMWare, Hyper-V

Storage Management – Dell Compellent, PowerStore, PowerScale, HPE Nimble

Server & OS – Dell, HP Server Hardware, Windows Server (Active Directory, DNS, DHCP, Group Policy, Certificate Services)

Infrastructure Support – ITIL, ITSM, Incident Management, Problem Management, Change Management, SLA Management

Containerization & Orchestration – Docker, Kubernetes

Scripting & Automation – Python, Shell Scripting

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Hybrid Cloud Infrastructure Modernization (HCL Technologies)

- Architected and implemented a **hybrid cloud solution** integrating on-premise **VMware** infrastructure with **AWS** services to support global operations.
- Managed **Windows Server** environments, including **Active Directory** and **Group Policy**, for **3,000+ users** across multiple geographical regions.

- Developed automated remediation scripts in **Python** and **Shell** to address system vulnerabilities identified by security scanning tools, reducing patching time by **20%**.

Payments Operations Dashboard Enhancement (HCL Technologies)

- Enhanced a **payments operations dashboard** with real-time **transaction monitoring** and alerting for failed payment messages, improving issue detection by **30%**.
- Developed **SQL queries** and validation scripts against **PostgreSQL** databases to support reconciliation workflows and audit trail generation.
- Collaborated with business analysts to gather requirements for operational dashboards, leading to a **15%** improvement in reporting accuracy.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
