PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved an average of **15 critical incidents per week** related to onboard bus systems by performing initial diagnostics and implementing software or hardware resets, ensuring **98% service uptime**.
- Managed daily health checks and software updates for a fleet of **500+ ticket machines**, verifying data download/upload and reducing service delays by **12%**.
- Maintained accurate, up-to-date records of **all onboard equipment** across multiple depots using dedicated apps and ServiceNow, improving asset tracking efficiency by **20%**.
- Collaborated with **local depot staff, IT, and suppliers** to troubleshoot and resolve technical issues with ticket machines, location tracking, and communication devices, minimizing bus downtime.
- Executed **routine equipment audits** and health checks on systems including CCTV and WiFi, identifying and flagging **10+ recurring issues** for proactive maintenance intervention.
- Supported the rollout of **new software updates** on onboard devices, conducting functional tests and resets, which contributed to a **5% increase in system reliability**.

SKILLS

Technical Support – First Line Support, Troubleshooting, Diagnostics, Basic Repairs, Equipment Audits, Software Updates, Device Resets, Spare Stock Management.

System Monitoring – System Dashboards, ServiceNow Alerts, Equipment Performance Tracking, Issue Highlighting, Connectivity Checks, Log Analysis.

Record Keeping – Accurate Logging, Dedicated Systems, ServiceNow, Equipment Tracking, Faulty Item Logs, Replacement Records, Stock Level Reporting.

Communication & Teamwork – Cross-functional Collaboration, Depot Staff Support, IT Coordination, Supplier Liaison, Clear Note Taking, Issue Escalation.

Onboard Systems – Ticket Machines, Location Tracking, Communication Devices, CCTV, WiFi, Vehicle Tracking (AVL).

Tools & Technologies – ServiceNow, Linux, Shell Scripting, SQL (PostgreSQL, MySQL, Oracle), Python, Java, Splunk, Dynatrace, Jira, Confluence.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Fleet Operations Dashboard & Alerting System (HCL Technologies)

- Developed a centralized **dashboard solution** using **Python and Flask** to monitor the operational status of critical components across a fleet of **1000+ vehicles**, achieving a **99.9% uptime**.
- Implemented automated alerting mechanisms via **SQL queries on PostgreSQL** and integration with **Splunk** for real-time notifications on system malfunctions and performance degradation, reducing incident response times by **30%**.
- Designed and deployed **REST APIs** for seamless data integration with existing AVL and ticketing systems, enhancing data accuracy for **operational reporting** and **equipment performance analysis**.

Onboard Equipment Management & Reporting Tool

- Engineered a comprehensive system to track the lifecycle of onboard equipment, including ticketing machines, WiFi modules, and CCTV units, for a simulated transport fleet of **200 buses**.
- Integrated **Power BI** for interactive reporting on equipment health, failure trends, and replacement cycles, enabling depot managers to optimize spare parts inventory and reduce maintenance costs by an estimated **15%**.
- Automated data collection and validation processes using **Python scripts** and **SQL**, ensuring data integrity for daily operational checks and compliance reporting.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
