PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Designed and implemented **new end-user features** for a global collaboration platform, impacting millions of users and directly contributing to a **15% increase in customer satisfaction** by integrating user feedback into technical designs.
- Owned the breakdown of product requirements into clear **technical designs** and executable tasks, delivering high-quality, maintainable solutions within an existing **Java Spring Boot** framework and reducing bug reports by **20%**.
- Acted as a technical point of reference for a 5-person engineering team, reviewing **code and designs**, guiding implementation decisions in **Python and Java**, and elevating engineering quality, resulting in a **30% reduction in production incidents**.
- Investigated user issues and identified root causes for critical application failures, driving meaningful improvements in collaboration tools and elevating the customer experience, leading to a **10-point increase in NPS**.
- Partnered closely with engineers, product managers, and designers to deliver delightful customer experiences, balancing speed and quality in a **fast-paced Agile/Scrum** environment, shipping **4 major feature releases** ahead of schedule.
- Mentored and supported 2 junior engineers, fostering a culture of learning and continuous improvement in the application development team, increasing team velocity by **18%**.

SKILLS

Languages – Java, Python, TypeScript, JavaScript, C++, Swift

Backend Development – Spring Boot, RESTful APIs, WebSockets, API Design, Microservices

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, CI/CD

Databases – PostgreSQL, MySQL, Oracle, SQL, Data Warehousing

Collaboration & Productivity Tools – Jira, Confluence, Splunk, Dynatrace, Linux

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, R, pandas, NumPy, scikit-learn

Methodologies – Agile, Scrum, Test-Driven Development (TDD), Contract Testing

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Webex Collaboration Feature Enhancement Platform

- Engineered a new feature set for a real-time collaboration platform, delivering **end-user features** used by over 10 million users globally and directly contributing to a **12% uplift in user engagement metrics**.
- Developed robust **RESTful APIs** using **Java Spring Boot** and integrated with existing backend services, ensuring seamless data flow and enabling a **25% faster** feature deployment cycle.
- Implemented comprehensive **unit and integration tests** within **Jenkins CI/CD pipelines**, achieving **95% code coverage** and significantly reducing post-deployment defects.

Financial Services Transaction Monitoring Dashboard

- Supported a financial-services client by enhancing a **payments operations dashboard**, improving **transaction monitoring** capabilities and reducing critical incident response time by **30%**.
- Developed **Python scripts** for automated data validation and reporting, streamlining reconciliation workflows and ensuring data accuracy across **PostgreSQL and Oracle** databases.
- Managed change control processes and provided post-implementation support for system configuration updates, ensuring **GDPR-aware production environments** met strict SLA requirements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
