PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed the complete **IT hardware lifecycle** for a user base of over 100 personnel, ensuring timely procurement, deployment, and decommissioning processes, reducing asset obsolescence by **15%**.
- Ensured continuous **voice and data connectivity** for 5+ active construction project sites by coordinating with telecom providers and internal teams, maintaining **99.9%** uptime for critical communication lines.
- Supported **Microsoft 365 administration**, managing user lifecycle processes including licence allocation, and controlling access to files, **SharePoint** sites, groups, and distribution lists, improving onboarding efficiency by **20%**.
- Assisted with the implementation of **cybersecurity controls** and user training programs, contributing to a **30%** reduction in reported phishing incidents within the organization.
- Provided comprehensive **IT support** for hardware, software, and IT systems, resolving an average of **25 tickets** per week and escalating complex issues to the Managed Service Provider, meeting **SLA targets**.
- Ensured **data integrity** across core business and project platforms by performing regular data validation checks and assisting with the integration of new systems, supporting **AI initiatives** by providing clean datasets.

SKILLS

Infrastructure & Network – IT Hardware Lifecycle Management, Voice & Data Connectivity, Site IT Setup, AV Systems

Business Systems – Project Management Platforms, Core Business Systems Support, Software Licensing

Cybersecurity & Compliance – Cybersecurity Controls Implementation, User Authorisation & Access Management, Cybersecurity Training

MS365 Administration – User Lifecycle Management, Licence Management, SharePoint Development, Group Management

IT Support & Service Delivery – Ticket Management, Escalation Procedures, Hardware & Software Support

Data & Reporting – Data Integrity Assurance, Reporting Assistance, AI Initiative Support

General IT – Microsoft Office Suite (Word, Excel, Outlook, PowerPoint), Intermediate Excel Skills

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Integrated Construction Site Connectivity & Asset Management Platform (HCL Technologies)

- Developed and deployed a centralized system for managing IT asset lifecycles across construction sites, tracking hardware from procurement to retirement, improving asset visibility by **60%**.

- Implemented a resilient network connectivity solution for remote construction project sites, integrating **voice and data services** with failover capabilities, ensuring uninterrupted operations and communication.
- Created automated reporting mechanisms using **Python and SQL** to monitor site connectivity status and asset utilization, reducing manual reporting effort by **40%** and enhancing decision-making for resource allocation.

SharePoint-based Employee Onboarding Portal (MSc Data Analytics Project)

- Designed and built an interactive **SharePoint** platform to streamline the onboarding process for new employees, consolidating essential documents, training materials, and HR forms.
- Integrated **Power BI** dashboards to visualize onboarding progress and identify bottlenecks, providing actionable insights to HR and IT departments for process optimization.
- Managed user access controls and permissions within the SharePoint environment, ensuring secure and role-based access to sensitive onboarding information.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
