PROJECTS

Club Travel Employee Onboarding & Support Portal

- Developed a centralized portal for employee IT onboarding and support, integrating **Jira Service Desk** for ticket management and **Microsoft365** for account provisioning, reducing onboarding time by **30%**.
- Implemented automated workflows for device deployment and software installation across **Windows and Linux (Ubuntu)** environments, supporting a remote and on-premises workforce of **200+ users**.

- Created comprehensive knowledge base articles and troubleshooting guides within the portal, decreasing common issue resolution times by **25%** and improving user self-sufficiency.

HCL Financial Services Operations Dashboard Enhancement

- Enhanced a payments operations dashboard by implementing real-time transaction monitoring and alerting for failed payment messages, improving operational visibility for financial services workflows.
- Automated data validation and reconciliation processes using **Python and SQL** against PostgreSQL and Oracle databases, reducing manual intervention by **40%**.
- Supported production environments with strict SLAs, ensuring audit trail integrity and adherence to GDPR awareness through meticulous logging and incident response.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
