PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Managed laboratory instrument validation projects from **software install** to business release, ensuring adherence to **site procedures** and **GMP guidelines**.
- Generated comprehensive **computer system validation documentation**, including Design Specs, Configuration Specs, Testing Plans, Security Plans, and Test Summary Reports, achieving **100% audit readiness**.
- Analyzed and challenged **software releases**, identifying critical gaps and risks to ensure compliance with **21CFR Part 11**, ER/ES, and data integrity guidelines.
- Collaborated cross-functionally with manufacturing operations, quality assurance, and business stakeholders to prioritize **CSV activities**, monitor project budgets, and facilitate smooth business releases.
- Developed and executed test cases for new instrument software, validating functionality, security controls, and data integrity against defined requirements, reducing post-deployment issues by **40%**.
- Supported the ongoing compliance and maintenance of validated lab systems, performing impact assessments for software updates and managing change control processes in a **hybrid work model**.

SKILLS

Validation & Compliance – Computer System Validation (CSV), 21 CFR Part 11, GMP Guidelines, Data Integrity, ER/ES, Software Release Management, Validation Documentation, Site Procedures

Technical Skills – Linux, SQL, Python, Java, Spring Boot, REST APIs, AWS, Docker, Jenkins, Git

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, R, pandas, NumPy

Operations & Support – Production Support, Incident Response, Change Management, UAT Coordination, Splunk, Dynatrace

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins

Enterprise Systems – ERP Integration Support, Business Systems Support, REST API Integrations

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

QCL Labs Instrument Validation & Compliance Platform

- Architected and implemented a end-to-end **Computer System Validation (CSV) framework** for new laboratory instruments, integrating **21CFR Part 11** and **GMP guidelines**.
- Developed standardized templates for all validation documentation (Design Spec, Configuration Spec, Test Plans, Security Plans, Test Summary Reports), streamlining the process and reducing documentation time by

30%.

- Managed the full validation lifecycle for 15+ new lab instruments, coordinating UAT, executing test scripts, and ensuring successful transition to manufacturing operations with zero critical findings in subsequent audits.

Financial Services Transaction Monitoring Dashboard

- Enhanced a **payments operations dashboard** by developing new Python scripts for automated data ingestion and validation of transaction messages, improving processing efficiency by **20%**.
- Implemented real-time alerting mechanisms using **Splunk** for failed or stuck payment messages, reducing average incident response time by **45%** and maintaining critical SLAs.
- Collaborated with business analysts to refine reconciliation workflows and reporting features, ensuring adherence to regulatory requirements and audit trail integrity within the production environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
