PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved over **150+ customer inquiries** per week via phone, email, and chat, exceeding first contact resolution targets by **18%** through expert application of eCommerce best practices.
- Developed and implemented **standard operating procedures** for common billing and account issues, reducing escalations by **22%** and improving overall customer satisfaction.
- Analyzed and diagnosed complex technical issues across various web, eCommerce, and hosting technologies, translating technical details into clear, actionable solutions for merchants.
- Collaborated with **product management and development teams** to document and prioritize bug fixes and feature requests, directly contributing to a **15% reduction** in critical product defects.
- Authored and maintained comprehensive technical documentation and internal guides, enabling a **30% increase** in self-service issue resolution among customer support agents.
- Provided proactive onboarding and guidance to new customers on **eCommerce best practices**, increasing their initial platform adoption rate by **25%**.

SKILLS

Customer Support – Phone Support, Email Support, Chat Support, Technical Support, 24x7 Environment, SLA Management, Incident Response

eCommerce Technologies – Platform Support, Billing Inquiries, Account Management, Customer Onboarding, Web Technologies, Hosting Technologies

Troubleshooting & Problem Solving – Critical Thinking, Root Cause Analysis, Debugging, Analytical Skills, Self-Service Resource Utilization

Communication & Collaboration – Written Communication, Verbal Communication, De-escalation, Cross-functional Collaboration, Product Feedback

Programming & Web Languages – HTML, CSS, Javascript, JQuery, SQL, Python, Java

Data & Analytics – Power BI, Tableau, DAX, Data Modelling, Data Analysis

Cloud & DevOps – AWS, Docker, Linux, Jenkins, Git

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

AI-Driven Commerce Support Automation Platform (HCL Technologies)

- Engineered an **AI-powered knowledge base and chatbot** system to automate responses to common eCommerce merchant inquiries, achieving **70% containment rate** for Tier 1 support tickets.

- Integrated the platform with **Jira and Zendesk APIs** to create automated ticket routing and escalation workflows, reducing average response times by **40%**.
- Developed **natural language processing (NLP) models** using Python and scikit-learn to accurately categorize and prioritize incoming support requests, improving agent efficiency by **25%**.
- Designed and implemented a **Power BI dashboard** to monitor key support metrics, including resolution times, customer satisfaction scores, and chatbot effectiveness, enabling data-informed operational adjustments.

Customer Account Management & Billing System Enhancement (HCL Technologies)

- Contributed to the development of new features for a **financial-services operations dashboard**, focusing on improving transaction monitoring and reconciliation workflows for billing accuracy.
- Automated data validation processes using **Python scripts**, reducing manual data entry errors in customer account reconciliation by **35%**.
- Supported production environment stability for the payments operations dashboard, ensuring **99.9% uptime** and addressing P1/P2 incidents within defined SLAs.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
