PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Defined **clear, actionable requirements** for a multi-year transformation programme, translating business needs into functional and non-functional specifications, ensuring alignment with strategic outcomes and reducing ambiguity by **40%**.
- Coordinated **User Acceptance Testing (UAT)** for new system deployments, developing comprehensive test plans and scripts, managing defect resolution, and securing business sign-off, achieving a **98% pass rate** on critical test cases.
- Facilitated cross-functional workshops and requirement walkthrough sessions with business SMEs and technology teams, fostering alignment and ensuring **customer experience (CX)** and **user journey** improvements were accurately captured and delivered.
- Supported deployment planning and readiness activities for enterprise platform updates, coordinating cutover tasks, developing business communications, and ensuring impacted teams understood upcoming changes, leading to **zero critical post-deployment incidents**.
- Analyzed and documented target-state processes and data needs, applying structured thinking to challenge assumptions and propose practical, **experience-enhancing solutions** that simplified workflows and improved operational efficiency by **15%**.
- Managed change control processes for enterprise business systems, including system configuration updates and post-go-live support, integrating cross-system data flows via **REST APIs** and ensuring adherence to regulatory awareness and audit trail requirements.

SKILLS

Business Analysis – Requirements Elicitation, Functional Specifications, Non-Functional Specifications, UAT Strategy, Test Planning, Defect Management, Process Improvement, Stakeholder Engagement, Change Management, Agile Methodologies

Financial Services Domain – Payments Operations Dashboard, Transaction Monitoring, Reconciliation Workflows, Regulatory Awareness, GDPR Compliance, Audit Trails, Business Processes

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, Statistical Analysis, Exploratory Data Analysis

Core Technologies – Java Spring Boot, Python, SQL (PostgreSQL, MySQL, Oracle), REST APIs, AWS, Docker, Linux, Git, Jenkins

Enterprise Systems – ERP Integration Support, CRM Tools, Workflow Automation Tools, Enterprise Platforms, System Configuration

Methodologies – Agile, Scrum, Digital Transformation, Business Case Development, Impact Assessment

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

PROJECTS

Financial Services Transformation - Customer Onboarding Platform (HCL Technologies)

- Defined and documented comprehensive business requirements, user stories, and acceptance criteria for a new digital customer onboarding platform, aligning with **transformation outcomes** and **customer experience (CX)** goals.
- Developed detailed functional and non-functional specifications for a **workflow automation tool** integrated with core banking systems via **REST APIs**, ensuring seamless data flow and reducing onboarding time by **30%**.
- Created UAT test plans and scripts, coordinated testing cycles with business SMEs, and managed defect triage, contributing to a successful deployment that met all **regulatory awareness** and audit trail requirements.

Executive KPI Dashboard Consolidation (MSc Data Analytics Project)

- Designed and developed an interactive **Power BI** dashboard consolidating Key Performance Indicators (KPIs) from 12 disparate business units, improving data accessibility for executive decision-making.
- Applied **DAX** measures and complex data modelling techniques to transform raw data into actionable business insights, enabling **real-time performance tracking** and strategic planning.
- Utilized **Power Query** for ETL processes, cleaning and shaping data from multiple sources, ensuring data integrity and accuracy for the final published reports, which were adopted by senior management.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
