PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and maintained **PL/SQL procedures**, packages, and database objects, reducing data processing errors by **18%** for core Finance modules.
- Designed and built **Oracle BI Publisher reports** and data extracts to support Finance and HR stakeholder needs, improving report generation efficiency by **30%**.
- Supported technical integrations between **Oracle EBS** and other internal systems using **REST APIs**, ensuring seamless data flow for HR and Finance processes.
- Contributed to **Oracle EBS R12 upgrade** activities and ongoing enhancements, including critical payroll-related changes, enhancing system stability.
- Investigated and resolved technical issues across live production Finance and HR systems, maintaining **99.8%** system uptime through diligent incident response.
- Collaborated with business analysts to translate approved requirements into clear **technical designs** for Oracle EBS enhancements, ensuring alignment with business objectives.

SKILLS

Oracle EBS Development – PL/SQL, Oracle Forms, Oracle BI Publisher, Database Objects, Technical Design
ERP & Finance Systems – Oracle E-Business Suite (R12), Finance Modules, HR Modules, Production Support
Development & Integration – REST APIs, System Integrations, Data Flow Management
Data Analysis & Reporting – SQL, Data Validation, Report Development, Data Utilities
DevOps & Support – Incident Resolution, Change Management, SR Management, Release Support
Core Technologies – Java, Spring Boot, Python, AWS, Linux, Git, Jenkins

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Oracle EBS Finance & HR Enhancement Suite (HCL Technologies)

- Engineered a suite of **PL/SQL packages** and custom database objects to optimize transaction processing for a large retail client's Finance module, achieving a **22% reduction** in processing time.
- Developed interactive **Oracle Forms** and integrated them with existing EBS workflows, enhancing user experience for critical HR data entry tasks and reducing input errors by **15%**.
- Built and deployed **Oracle BI Publisher reports** for month-end financial closing and HR compliance tracking, providing stakeholders with real-time visibility and reducing manual reporting efforts by **40%**.

- Managed technical aspects of system integrations between **Oracle EBS** and a third-party payroll provider via **REST APIs**, ensuring accurate and timely data exchange for over **10,000 employees**.

Payments Operations Dashboard - Production Stability Initiative

- Enhanced monitoring and alerting for a **payments operations dashboard**, identifying and resolving root causes for transaction processing failures, improving message success rates by **99.5%**.
- Automated data reconciliation workflows using **Python scripts** and SQL queries across PostgreSQL and Oracle databases, reducing manual reconciliation effort by **50%** and ensuring data integrity.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
