PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and deployed **AngularJS** and **ReactJS** user-facing features for AI agent workflows, integrating with **Node.js** and **Python** backend services, improving developer productivity by **20%**.
- Implemented agentic workflows demonstrating **LLMs (Claude, OpenAI)** and **OpenAI specifications** for tool orchestration, handling context windows and retrieval strategies to achieve **98%** agent reliability.
- Engineered reusable **UI components** and SDKs for agent invocation and status visualization, contributing to a unified design system and enhancing accessibility for **10,000+** internal users.
- Integrated AI agents with developer ecosystems, including **GitHub Actions** for automated testing and **Claude model endpoints** for natural language processing tasks, reducing manual effort by **35%**.
- Shipped high-quality code with comprehensive **unit and e2e tests**, managed through **CI/CD pipelines**, and supported by detailed **observability (logs, metrics, traces)** for agent runs and UI interactions, ensuring **99.9%** uptime.
- Authored comprehensive documentation for architecture, **OpenAI/MCP spec contracts**, and developer guides, facilitating adoption by 5 cross-functional teams and reducing onboarding time by **50%**.

SKILLS

AI/ML Agent Engineering – LLMs (Claude, OpenAI), OpenAI Specifications, MCP Clients/Servers, Agentic Workflows, Tool Orchestration, Prompt Engineering, Function Calling, Retrieval Strategies, RAG Pipelines, Embeddings, Vector Stores, Security Awareness

Frontend Development – AngularJS, ReactJS, TypeScript, JavaScript, UI Components, SDKs, Design Systems, Accessibility (WCAG)

Backend Development – Node.js, Python, REST APIs, GraphQL, FastAPI, Flask

Developer Tooling & Integration – GitHub Actions, GitHub APIs, Cline, Claude Models, CI/CD, Jenkins, Unit Testing (Jest), E2E Testing (Cypress), Linting

Observability & Monitoring – Logs, Metrics, Traces, Datadog, OpenTelemetry, CloudWatch, Splunk, Dynatrace

Data & Analytics – SQL, PostgreSQL, MySQL, Oracle, Power BI, DAX, Power Query, Tableau, R, pandas, NumPy, scikit-learn, Data Warehousing

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

AI-Powered Developer Assistant Platform (HCL Technologies)

- Architected and developed a full-stack AI agent platform integrating **OpenAI models** and custom **Python** microservices for automated code review, documentation generation, and CI/CD pipeline optimization.
- Implemented agentic workflows using **Node.js** and **AngularJS** for the frontend, enabling developers to interact with AI agents via a web interface to automate tasks such as generating unit tests and drafting commit messages, reducing code review cycles by **30%**.
- Integrated with **GitHub APIs** to directly create pull requests and comment on code, and utilized **PostgreSQL** for storing agent conversation history and retrieval augmented generation (RAG) data, improving developer efficiency and code quality metrics by **25%**.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Supported production operations for a financial-services dashboard, focusing on real-time monitoring of transaction flows and operational alerting for failed payment messages.
- Automated data validation and reconciliation workflows using **Python** and **SQL** across **PostgreSQL** and **Oracle** databases, enhancing data integrity and reducing manual reconciliation efforts by **40%**.
- Managed incident response and SLA adherence for critical production systems, contributing to a **99.9%** uptime for transaction processing and maintaining audit trail integrity.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
