Enterprise Systems – ERP Support, Business Systems Integration, Change Management.

Programming & Automation – Python, Java, SQL, Spring Boot, REST APIs.

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git.

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Integrated Helpdesk & Asset Management System (HCL Technologies)

- Developed a **Python-based ticketing system** integrated with an **Oracle database** to manage hardware and software support requests for a **500-user client base**, reducing average ticket resolution time by **25%**.
- Implemented automated user query updates within the system, ensuring all **incident logging** requirements were met and providing real-time status to end-users and business partners.

- Designed and deployed a self-service portal for common **MS Office support** issues and hardware diagnostics, deflecting **30%** of routine inquiries from the primary helpdesk queue.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Contributed to the development of a **payments operations dashboard**, enhancing transaction-flow monitoring capabilities for a financial-services client.
- Implemented **operational alerting** for failed and stalled payment messages, improving detection speed by **40%** and ensuring adherence to strict SLAs.
- Collaborated with business analysts to refine requirements for **reconciliation workflows** and audit trail generation, supporting regulatory compliance.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
