PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Administered all sample-related documentation, including receipt and review of external sample results and accurate entry onto **LIMS**, ensuring all records were completed on time, legibly, and in line with **GMP** and **data integrity** requirements, achieving 100% audit compliance.
- Generated comprehensive **environmental monitoring and water analysis reports**, delivering agreed quality and business metrics by proactively identifying and communicating opportunities for process improvement, achieving a **15% increase** in operational efficiency.
- Managed samples throughout the laboratory lifecycle, including internal sample movement, external shipment for analysis, and coordination of complex sample pulls, supporting **laboratory analytical personnel** and ensuring uninterrupted service delivery against SLAs.
- Developed Python scripts for automating data ingestion and transformation processes, reducing manual data entry time by **40%** and improving data accuracy for downstream reporting and analysis.
- Enhanced existing Java Spring Boot microservices by implementing new REST APIs and resolving critical bugs, contributing to a **10% improvement** in system responsiveness and stability.
- Collaborated with client personnel and suppliers to meet or exceed client requirements, ensuring delivery against client processes and deliverables, demonstrating flexibility to support any area of the business as required, and maintaining strong stakeholder relationships.

SKILLS

Laboratory Operations – Sample Management, LIMS, GMP, Data Integrity, Aliquoting, Reference Material Inventory Management, Environmental Monitoring, Water Analysis Reporting

Data Analysis & Reporting – Power BI, Tableau, R/RStudio, DAX, Power Query, Statistical Analysis, Exploratory Data Analysis, Time-Series Analysis

Backend Development – Java, Spring Boot, Python, REST APIs, Microservices, Flask, FastAPI

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Linux Shell Scripting

Databases & ETL – SQL (PostgreSQL, MySQL, Oracle), Data Warehousing, Data Pipelines, Data Validation

Project Management & Support – Agile/Scrum, Jira, Confluence, Change Management, Incident Response, UAT Coordination, Business Process Improvement

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Automated Laboratory Sample Tracking and Reporting System (HCL Technologies)

- Designed and implemented an automated system for tracking samples from receipt to disposal, integrating with existing **LIMS** and generating real-time status updates for laboratory personnel, reducing sample retrieval time by **30%**.
- Developed automated data validation routines using **Python** and **SQL** to ensure accuracy and completeness of sample metadata against **GMP** and **data integrity** standards, decreasing data entry errors by **95%**.
- Created interactive dashboards in **Power BI** to visualize sample lifecycle status, identify bottlenecks, and report on key performance indicators like sample throughput and turnaround time, enabling proactive management of laboratory operations.

Financial Transaction Monitoring Dashboard Enhancement (HCL Technologies)

- Enhanced production support for a **payments operations dashboard** by implementing advanced monitoring and alerting mechanisms using **Splunk** and **Dynatrace**, reducing P1 incident response time by **25%**.
- Developed Python scripts to automate the reconciliation of transaction data from multiple sources, improving the accuracy of financial reporting and reducing manual reconciliation effort by **50%**.
- Contributed to feature development for the dashboard, including the implementation of new rules for monitoring failed transaction messages and generating operational alerts, ensuring adherence to strict SLAs and regulatory awareness.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
