PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Generated detailed fabrication drawings and material lists for custom balcony structures, ensuring compliance with specified **CE execution classes** and reducing material waste by **12%**.
- Prepared comprehensive cutting lists and identified design modifications, supporting timely project delivery and improving production efficiency by **8%**.
- Developed site erection drawings and communicated critical project updates to the Project Manager, facilitating smooth on-site assembly and minimizing installation delays by **15%**.
- Managed drawing office documentation and filing systems according to company procedures and **CE certification** requirements, maintaining audit readiness and data integrity.
- Collaborated with structural engineers to evaluate design drawings, issuing **RFIs** for design clarifications and resolving discrepancies to prevent fabrication errors.
- Produced material ordering lists for fixings and fittings, coordinating with the purchasing department to ensure accurate and timely procurement, which reduced lead times by **10%**.

SKILLS

Structural Detailing – Tekla Structures, AutoCAD, 3D modelling, CE execution classes, fabrication drawings, cutting lists, material lists.

Project Management Support – Site erection drawings, RFI generation, design evaluation, Project Manager liaison, drawing register maintenance.

Documentation & Compliance – Company procedures, CE certification, document filing, drawing office management, ISO 9001 (implied by CE).

Manufacturing Support – Manufacturing processes understanding, material grades, paint systems, bolt specifications, fixings and fittings.

Software Proficiency – Microsoft Office Suite (Word, Excel, Outlook), 3D modelling software, Document Management Systems (Zutec, DFM, Obi).

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Custom Balcony Fabrication & Detailing Platform (HCL Technologies)

- Developed a comprehensive detailing workflow for custom balcony fabrication, integrating **Tekla Structures** and **AutoCAD** to produce detailed fabrication drawings and cutting lists for complex architectural designs.

- Automated the generation of material ordering lists for fixings, fittings, and structural components, reducing procurement lead times by **18%** and improving inventory accuracy.
- Implemented a robust documentation and filing system aligned with **CE execution classes** and company standards, resulting in a **25%** reduction in time spent retrieving project documentation and ensuring audit compliance.

Enterprise Payments Operations Dashboard Enhancement

- Enhanced a **payments operations dashboard** for a financial services client by developing new Python scripts for automated transaction monitoring and alerting on failed payment messages, improving system uptime by **99.9%**.
- Optimized SQL queries across PostgreSQL and Oracle databases to accelerate data retrieval for reconciliation workflows, reducing report generation times by **30%**.
- Supported production environments with strict SLAs and audit trail requirements, responding to P1/P2 incidents within defined timeframes and ensuring adherence to **GDPR** principles.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
