PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Administered and supported the **IBM WebMethods** integration platform, including **Integration Server** and **API Gateway**, ensuring 99.95% uptime for critical financial transaction flows.
- Managed the end-to-end build and release process for multiple application environments, reducing deployment lead time by **40%** through enhanced **CI/CD pipelines** built with **Jenkins** and **Git**.
- Developed and maintained **CI/CD pipelines** using **Jenkins** and scripting (**Bash, Python**), automating build, test, and deployment stages for **containerized applications**, leading to a **30%** increase in deployment frequency.
- Provided comprehensive operational support for enterprise platforms, including performance monitoring with **Datadog**, system upgrades, patching, and incident response, resolving P1/P2 incidents within **15-minute SLAs**.
- Automated routine operational tasks and release processes using **Python** and **Bash scripting**, contributing to a continuous improvement initiative that reduced manual intervention by **50%**.
- Collaborated with development, QA, and architecture teams to streamline release processes and enhance automation, contributing to a **25%** improvement in delivery pipeline efficiency within a governed financial-services production environment.

SKILLS

DevOps Tools – IBM WebMethods, Jenkins, Git, Bitbucket, Jira, Bash, Python, Ansible, Datadog, Docker, Kubernetes

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Linux (RHEL), Windows Server, Terraform, Azure

Programming & Scripting – Java, Spring Boot, Python, Bash, SQL

APIs & Messaging – REST, SOAP, API Gateway, Messaging Concepts

Environments & Releases – Build & Release Management, Environment Configuration, CI/CD, Incident Management, Root Cause Analysis, Change Management

Data & Analytics – Power BI, DAX, Data Modelling, SQL (PostgreSQL, MySQL, Oracle)

Enterprise Systems – ERP Integration Support, Payments Operations Dashboard

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Automated Release Orchestration Platform (HCL Technologies)

- Engineered a comprehensive **CI/CD platform** using **Jenkins** and **Git**, enabling automated builds, testing, and deployments for enterprise Java applications, reducing manual release effort by **60%**.
- Integrated **Docker** for containerization and managed deployment configurations across **Linux** and Windows environments, ensuring consistent application performance and rapid environment provisioning.
- Developed **Python** and **Bash scripts** for automated environment setup and data seeding, decreasing environment setup time from 4 hours to **30 minutes** and improving operational efficiency.

Financial Transaction Monitoring Dashboard (HCL Technologies)

- Developed and maintained a **payments operations dashboard** for a financial-services client, providing real-time transaction-flow monitoring and operational alerting for failed messages.
- Implemented robust logging and error handling using **Splunk** and **Dynatrace**, achieving **99.9%** uptime for critical reconciliation workflows and facilitating rapid incident triage.
- Supported production environments with strict SLAs, ensuring adherence to regulatory requirements and audit trail integrity within a governed framework.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
