+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Developed and deployed components of a multi-tenant **Kubernetes** platform on **AKS**, contributing to shared services for engineering teams and achieving **99.9%** platform availability.
- Managed and extended **Terraform** configurations for cloud infrastructure, implementing established module patterns to provision and maintain Azure resources, reducing manual setup time by **40%**.
- Automated routine operational tasks using **Bash** and **Python** scripting, successfully eliminating manual toil and improving deployment efficiency by **20%**.
- Implemented network and security controls including **network policies** and **RBAC** configurations within the Kubernetes environment, enhancing system security and compliance.
- Contributed to the development of **GitOps** delivery pipelines using **ArgoCD** and **Helm**, streamlining application deployments and ensuring consistent state management across environments.
- Authored comprehensive **documentation** and runbooks for platform services, facilitating knowledge transfer and reducing incident resolution times by an average of **15%**.

SKILLS

Cloud Platform – Azure, AWS, Kubernetes, AKS, Terraform, Networking Fundamentals (VPCs, VNETs, Subnets)

Container Orchestration – Kubernetes, Pods, Deployments, Services, RBAC, Namespaces, Helm, Kustomize

Infrastructure as Code – Terraform, Bash Scripting, Python Scripting

CI/CD & Version Control – Git, GitLab, ArgoCD, Jenkins

Observability & Monitoring – Grafana, Prometheus, CloudWatch, Splunk, Dynatrace

Security & Identity – RBAC, Network Policies, SAML, OIDC

Programming & Scripting – Python, Bash, Java, Spring Boot

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Internal Developer Platform (IDP) Automation Suite

- Engineered a self-service catalog component for an Internal Developer Platform, enabling application teams to provision shared infrastructure resources via **Terraform** modules, reducing provisioning lead time by **75%**.
- Integrated **ArgoCD** for GitOps-driven deployment of platform services, managing configurations for **Kubernetes** clusters and ensuring automated, auditable state synchronization.

- Developed **Python** automation scripts to streamline the onboarding of new services into the platform catalog, including automated creation of CI/CD pipelines and observability configurations, accelerating developer productivity by **30%**.
- Implemented identity and access management controls using **RBAC** and service accounts, ensuring secure access to shared platform resources for development teams.
- Authored detailed technical documentation and contributed to runbooks for the IDP components, enhancing team knowledge sharing and reducing reliance on individual expertise.

HCL Payments Operations Dashboard Enhancements

- Enhanced transaction monitoring capabilities within a financial-services operations dashboard by developing new alerting rules in **Java Spring Boot**, improving detection of failed payment messages by **25%**.
- Automated data validation checks for reconciliation workflows using **Python** scripts and **SQL** queries against PostgreSQL, reducing manual data reconciliation effort by **10 hours** per week.
- Supported production stability of the payments dashboard by responding to P1/P2 incidents and implementing fixes, contributing to a **99.95%** uptime SLA.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
