PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Designed and implemented multi-agent workflows for AI tooling, orchestrating specialist agents with context engineering techniques to automate complex development tasks, reducing manual intervention by **40%**.
- Developed and consumed REST APIs using **Python** and **Java Spring Boot**, integrating with multiple enterprise systems to facilitate data exchange and streamline business processes, improving data synchronization efficiency by **20%**.
- Managed production support for enterprise applications using **Splunk** and **Dynatrace** for monitoring and incident response, resolving P1/P2 incidents within 99.9% SLA compliance and maintaining application uptime.
- Automated data pipelines and reporting tasks using **Python** scripting and **SQL** queries against PostgreSQL and Oracle databases, reducing report generation time from hours to minutes.
- Implemented CI/CD pipelines with **Jenkins** and **Git**, enforcing code review best practices and TDD principles to enhance software quality and accelerate deployment cycles, cutting release times by **15%**.
- Contributed to the development of a payments operations dashboard, focusing on transaction monitoring and reconciliation workflows, ensuring adherence to GDPR-aware production environments and audit trail requirements.

SKILLS

AI & Agentic Workflows – Multi-agent systems, Orchestrator/Specialist patterns, Context engineering, System prompts, Agent customization, Agent skills, MCP, LLM reasoning, Prompt engineering evaluation, Red-teaming prompts, LangGraph, CrewAI, AutoGen

Backend Development – Python, Java Spring Boot, Node.js, Go, REST APIs, Microservices, Flask, FastAPI

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Kubernetes, Jenkins, Git, CI/CD, Linux

Databases – SQL, PostgreSQL, MySQL, Oracle, Data Warehousing, Data Modelling

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, R, RStudio, pandas, NumPy, scikit-learn, Statistical analysis, Time-series analysis

Enterprise Systems – ERP support, Business Systems Integration, Change Management, UAT Coordination

Observability & Monitoring – Splunk, Dynatrace, CloudWatch

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Agentic Workflow Orchestration Platform (HCL Technologies)

- Engineered a multi-agent system using **Python** and a framework like AutoGen to automate software development tasks, enabling specialist agents for code generation, testing, and documentation.
- Implemented context engineering techniques, including system prompts and agent customization, to manage LLM reasoning and context window effectively, improving task completion accuracy by **35%**.
- Designed and consumed REST APIs to integrate the agentic workflow with existing development tools and repositories, achieving seamless automation of the end-to-end software development lifecycle.

Financial Transaction Monitoring Dashboard (HCL Technologies)

- Developed backend services in **Java Spring Boot** to process and monitor high-volume financial transaction messages, ensuring real-time visibility into payment flows.
- Configured **Splunk** dashboards and alerts for operational teams to track transaction status, identify failures, and facilitate reconciliation workflows, reducing manual oversight by **50%**.
- Collaborated with business analysts to refine requirements for transaction monitoring and reporting, ensuring compliance with GDPR and audit trail best practices in a production environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
