## PROFESSIONAL EXPERIENCE

**SOFTWARE ENGINEER – HCL Technologies | Chennai, India**

**09/2021 – 01/2025 (3.5 Years)**

- Administered **Microsoft 365** services including user accounts, licenses, Teams, SharePoint, and Exchange, supporting over 100 staff members and reducing onboarding time by **15%**.
- Provided day-to-day IT support for hardware, software, and access issues across **laptops, printers, and other equipment**, resolving 95% of tickets within 24 hours.
- Maintained IT security posture through rigorous **user access controls**, multi-factor authentication (MFA) implementation, and device security policies, ensuring compliance with **GDPR** and internal data protection standards.
- Supported the development and maintenance of **Power BI dashboards** and assisted in structuring data across systems to enable enhanced reporting and data quality improvements, reducing ad-hoc report generation time by **30%**.
- Automated routine IT tasks and workflows using **Python scripting** and **Power Automate**, improving operational efficiency and freeing up **10 hours** of staff time per week.
- Managed onboarding and offboarding processes for new and departing users, including accounts, permissions, and device provisioning, ensuring seamless transitions and adherence to security protocols.

## SKILLS

**Cloud Administration** – Microsoft 365 (Teams, SharePoint, Exchange), AWS (EC2, S3, Lambda, CloudWatch), Cloud-based systems

**IT Support & Operations** – End-user support, Hardware/Software troubleshooting, Device management, Onboarding/Offboarding, IT events support, External vendor management

**Security & Compliance** – IT Security, User access controls, MFA, Device security, GDPR, Data protection policies, Backup & Disaster Recovery

**Systems & Process Improvement** – Workflow automation, Process improvement, Emerging technologies, Efficiency optimization

**Data & Reporting** – Power BI, Power Automate, Data structuring, Data quality improvement, Basic reporting, DAX, Power Query

**Programming & Scripting** – Python, Java, Spring Boot, SQL (PostgreSQL, MySQL, Oracle)

**Infrastructure & Tools** – Linux, Docker, Git, Jenkins, Jira, Confluence

## EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin**

**02/2026**

**BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India**

**01/2021**

## PROJECTS

### **Political Campaign Data Management & Reporting Platform**

- Developed and deployed a **Power BI dashboard** to centralize and visualize campaign data from various sources, enabling real-time tracking of voter engagement and resource allocation for a political organisation.
- Automated data ingestion pipelines using **Python scripts** to extract, transform, and load data from event sign-ups, volunteer databases, and social media, improving data accuracy by **20%** and reducing manual processing time by **40 hours** per month.
- Implemented **security controls** and access management for sensitive campaign data, ensuring compliance with data protection policies and maintaining the integrity of voter information.

### **Financial Operations Dashboard Enhancements (HCL Technologies)**

- Enhanced a **payments operations dashboard** by developing new monitoring features for transaction flows, reducing critical incident detection time by **25%**.
- Implemented automated alerting for failed payment messages using **Python and Splunk**, improving response times for operational issues and ensuring higher service level agreement (SLA) adherence.
- Collaborated with business analysts to refine reconciliation workflows and transaction monitoring capabilities, contributing to a more robust and auditable system for financial operations.

## **ACHIEVEMENTS & CERTIFICATIONS**

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
