+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Resolved complex customer issues impacting **enterprise security platforms**, ensuring adherence to strict **Service Level Agreements** by achieving an average case closure time reduction of **18%** through in-depth log analysis and configuration troubleshooting.
- Developed and implemented **Python scripts** to automate log aggregation and analysis across distributed systems, reducing manual effort by **30%** and accelerating incident response times for critical security events.
- Troubleshoot and resolved customer-reported problems for **Windows applications**, analyzing **Event Viewer** logs and **.NET application diagnostics** to identify root causes and restore optimal performance, maintaining a **99.5%** uptime for affected services.
- Provided technical guidance and mentorship to junior engineers on **Linux command-line fundamentals** and **service management**, improving team knowledge transfer and reducing escalation rates by **15%**.
- Collaborated with product management to provide technical reviews of user documentation and functional specifications, directly influencing the clarity and accuracy of **information security** documentation for a global customer base.
- Managed customer escalations for **Forcepoint products**, acting as a subject matter expert to drive internal resolution and ensure customers were fully informed of progress, leading to a **10%** increase in customer satisfaction scores for escalated issues.

SKILLS

Core Technologies – TCP/IP, DNS, Layer 2/3 Networking, SMB/CIFS, REST APIs

Operating Systems – Windows Application Support, Linux Command Line, Service Management, File System Navigation

Security Concepts – Information Security, Data Classification, DLP, Data Posture Management, Zero Trust

Cloud & Infrastructure – Kubernetes Fundamentals, AWS, S3-compatible Object Storage, Grafana, Docker

Troubleshooting Tools – Log Analysis, tcpdump, Wireshark, Event Viewer, Splunk, Dynatrace

Development & Automation – Python Scripting, Java Spring Boot, Jenkins, Git

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Global Security Incident Response Platform (HCL Technologies)

- Engineered a unified **log analysis platform** using **Python** and **Splunk** to ingest and correlate security logs from diverse enterprise systems, reducing average incident detection time by **25%**.

- Developed automated alerting mechanisms within the platform based on specific security event patterns, proactively notifying operations teams of potential threats and reducing P1 incidents by **15%**.
- Implemented robust data classification and access controls for sensitive security logs, ensuring compliance with **GDPR** requirements and maintaining strict audit trails for all data access and modifications.

Kubernetes-Native Security Policy Enforcement (Personal Project)

- Designed and deployed a **Kubernetes** cluster utilizing **Rancher/K3s** to manage microservice-based security applications, focusing on pod-based deployments and cluster-managed architectures.
- Integrated **Elasticsearch** and **Kafka** for real-time monitoring and event streaming within the Kubernetes environment, enabling rapid analysis of security policy violations.
- Developed custom ingress controllers and network policies to enforce fine-grained access controls and data posture management, achieving a **99.9%** compliance rate for in-cluster traffic.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
