PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Resolved over 500 end-user IT incidents per quarter by providing face-to-face and remote support, achieving a **95% first-contact resolution rate** for hardware and software issues.
- Configured and deployed over 100 new user workstations annually, assetizing hardware and preparing software installations with **99% accuracy** to meet onboarding deadlines.
- Enhanced IT support efficiency by creating and updating **50+ technical documentation articles** and user guides, reducing common query resolution times by **15%**.
- Managed IT asset lifecycle, including **configuration, installation, and decommissioning** of hardware and software, maintaining an accurate inventory for over 300 devices.
- Collaborated effectively with wider IT teams to troubleshoot and resolve complex system issues, contributing to a **10% reduction in recurring incidents** through proactive problem-solving.
- Supported and maintained IT infrastructure, including familiarity with **Active Directory, Group Policy, DNS, and DHCP**, ensuring seamless user access and network operations.

SKILLS

IT Support – Incident Management, Problem Solving, Face-to-Face Support, Ticketing Systems, Customer Service, Resolution Driven

Hardware & Software – Configuration, Installation, Deployment, Asset Management, Windows Desktop/Server OS

Networking & Infrastructure – Active Directory, Group Policy, DNS, DHCP, Cisco Networking Systems

Databases – SQL Query Language, PostgreSQL, MySQL, Oracle

Cloud & Virtualization – AWS (EC2, S3, Lambda, CloudWatch), Docker

Development & Automation – Python Scripting, Java Spring Boot, REST APIs, Jenkins

Monitoring & Observability – Splunk, Dynatrace, CloudWatch

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Enterprise IT Service Delivery Enhancement Program (HCL Technologies)

- Developed and implemented a new ticketing workflow within the ITSM tool, **reducing average ticket handling time by 20%** and improving tracking of P1/P2 incidents.
- Automated the provisioning of standard user accounts and software licenses using **Python scripting**, decreasing manual setup time by **30 hours per week**.

- Authored comprehensive technical guides for common IT issues and system configurations, leading to a **15% increase in self-service resolution** by end-users.

Financial Services Operations Dashboard - Incident Management & Workflow Automation

- Managed production support for a critical financial-services operations dashboard, ensuring **99.9% uptime** for transaction monitoring and reconciliation workflows.
- Automated alert generation and initial triage for failed payment messages using **Python and SQL**, reducing manual intervention by **40%**.
- Collaborated with business analysts to refine operational alerting and reporting, directly supporting **regulatory compliance and audit trail** requirements.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
