ERP Systems – Microsoft Dynamics 365 Business Central, Master Data Management, System Configuration, ERP Integration.

Finance & Accounting – Accounting Processes, Financial Reporting, Audit Support, Dunning, Transaction Monitoring, Reconciliation Workflows.

System Administration & Support – Production Support, Incident Response, Change Management, UAT Coordination, System Documentation, Process Improvement.

Development & Automation – Python Scripting, REST API Development, SQL Querying, Shell Scripting.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux.

Project Management & Collaboration – Agile/Scrum, Stakeholder Management, Stand-up Meetings, Requirements Gathering, Cross-functional Collaboration.

EDUCATION AND TRAINING

**MASTER OF SCIENCE in Data Analytics – National College of
Ireland, Dublin**

02/2026

**BACHELOR OF ENGINEERING in Computer Science – SNS College
of Technology, Coimbatore, India**

01/2021

PROJECTS

Business Central Finance System Optimization (HCL Technologies)

- Enhanced **Business Central ERP** functionality for a financial services client by developing custom modules for transaction reconciliation, reducing manual reconciliation effort by **40%**.

- Automated the generation of monthly financial reports using Python scripting and SQL queries against the **Business Central database**, cutting report generation time from **2 days to 4 hours**.
- Developed comprehensive system documentation and training materials for new features and processes within **Business Central**, supporting user adoption across **3 international teams**.

Financial Operations Dashboard Enhancement (HCL Technologies)

- Implemented real-time transaction monitoring capabilities for a payments operations dashboard, enabling proactive identification of failed payment messages and reducing incident resolution time by **25%**.
- Refined alerting mechanisms within the dashboard using **Splunk and Dynatrace**, decreasing false positive alerts by **18%** while ensuring critical issue notifications.
- Collaborated with business analysts to gather requirements for new dashboard features, including enhanced reconciliation workflows and audit trail visibility, contributing to improved operational transparency.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
