

HARIRAMAKRRISHNAN RAMACHANDRAN

+353 899706156 | hariramakrrish@gmail.com | [LinkedIn](#) | Stamp 1G — Eligible to work full-time in Ireland

PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India 09/2021 – 01/2025 (3.5 Years)

- Designed and implemented scalable ETL/ELT data pipelines using **Python** and **advanced SQL**, processing over 1TB of structured and unstructured data daily to support predictive analytics.
- Developed and maintained reliable data infrastructure and data models, optimizing query performance by **30%** through strategic indexing and query refactoring for a global business intelligence platform.
- Architected and deployed **REST APIs** for seamless integration between enterprise business systems and a financial-services dashboard, enhancing data flow efficiency by **20%**.
- Collaborated with cross-functional stakeholders to translate complex analytics requirements into actionable technical data solutions, delivering **3 new reporting dashboards** ahead of schedule.
- Managed production support for enterprise applications, resolving P1/P2 incidents within **15-minute SLAs** and reducing system downtime by **18%** using **Splunk** and **Dynatrace** monitoring.
- Automated data validation and data pipeline execution using **Python scripting** and **Jenkins CI/CD**, decreasing manual intervention by **40%** and improving data accuracy.

SKILLS

Data Engineering – ETL, ELT, Data Pipelines, Data Modeling, Data Warehousing, SQL, Python, Spark, DataFlow, PostgreSQL, MySQL, Oracle

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Shell Scripting

Programming Languages – Python, Java, Spring Boot, SQL, R

Data Visualization & BI – Power BI, Tableau, DAX, Power Query, Dashboards, Reports

Development Tools & Methodologies – Git, Jenkins, Jira, Confluence, Agile, Scrum, Code Reviews

Monitoring & Observability – Splunk, Dynatrace, CloudWatch

System Integration – REST APIs, Cross-System Integrations

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin 02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India 01/2021

PROJECTS

Global Advertising Operations Insights Platform (HCL Technologies)

- Engineered a scalable data pipeline using **Python** and **Spark** to ingest and process advertising campaign performance metrics from disparate sources, handling **500 million records** daily.
- Developed a dimensional data model within a **PostgreSQL** data warehouse, enabling efficient querying for ad-hoc analysis and the generation of critical operational reports, reducing query times by **40%**.

- Designed and implemented interactive **Power BI dashboards** for business stakeholders, providing real-time visibility into campaign ROI and advertiser satisfaction, contributing to a **15% improvement** in campaign optimization strategies.
- Integrated asynchronous system data flows via **REST APIs**, ensuring data consistency and a reliable single source of truth for over **20 downstream reporting applications**.

Financial Services Transaction Monitoring System (HCL Technologies)

- Developed robust **Java Spring Boot** microservices for a payments operations dashboard, processing and monitoring high-volume financial transaction messages to identify and alert on failures.
- Implemented comprehensive logging and alerting using **Splunk**, achieving **99.95% uptime** for critical transaction flow monitoring and enabling rapid P1/P2 incident response.
- Collaborated with business analysts to refine reconciliation workflows and transaction monitoring requirements, ensuring adherence to regulatory awareness and audit trail standards within the production environment.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
