PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India **09/2021 – 01/2025 (3.5 Years)**

- Resolved complex escalations for identity management and authentication pipeline failures, reducing critical incident response time by **20%** through deep analysis of system logs and API payloads for Google's advertisers and sales teams.
- Engineered and implemented **Passkey technology (WebAuthn/FIDO2)** for enterprise customers, directly supporting the mandate for passwordless authentication rollouts and achieving a **15%** reduction in authentication-related support tickets.
- Partnered with Product Engineering and Trust & Safety teams to identify systemic vulnerabilities in the authentication stack, executing precise bug routing and advocating for infrastructure-level fixes that improved overall system stability by **18%**.
- Developed and deployed **Python scripts** for automating data ingestion and validation processes, supporting **data analysis** and reducing manual data preparation time by **30%** for internal stakeholders.
- Managed **change-control processes** for enterprise business systems, coordinating User Acceptance Testing (UAT) and post-go-live support for integrated platforms, ensuring **99.9%** system uptime during critical business periods.
- Designed and built interactive **Power BI dashboards** with complex **DAX measures** and data models to visualize key performance indicators, enabling business stakeholders to make data-informed decisions and increasing report accessibility by **50%**.

SKILLS

Authentication Protocols – OAuth2, SAML, SSO, WebAuthn, FIDO2, Passkey

Programming Languages – Python, Java, SQL, R, C++

Backend Technologies – Spring Boot, REST APIs, Flask, FastAPI, Node.js, NestJS

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, pandas, NumPy, scikit-learn, SQL, Data Warehousing

Development Tools & Methodologies – Git, Jenkins, Jira, Confluence, Agile/Scrum

System Monitoring & Debugging – Splunk, Dynatrace, CloudWatch Logs, API Payloads, System Logs

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin **02/2026**

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India **01/2021**

PROJECTS

Secure Authentication Gateway for Cloud Services

- Architected and deployed a microservices-based authentication gateway using **NestJS** and **PostgreSQL** to manage user identities and secure API access for multiple cloud applications.
- Implemented robust **OAuth2 and SAML** flows, processing over **1 million** authentication requests daily with an average latency of **50ms**, ensuring secure and seamless user access.
- Integrated **system log analysis** and network traffic monitoring tools to proactively identify and resolve complex authentication and token exchange discrepancies, reducing security incident resolution time by **25%**.
- Developed comprehensive API documentation and collaborative workflows with cross-functional teams, including Product Engineering and Trust & Safety, to ensure adherence to security best practices and efficient bug resolution.

Financial Services Transaction Monitoring Dashboard (HCL Technologies)

- Developed and maintained a production support system for a financial-services client, focusing on **transaction monitoring** and operational alerting for failed payment messages.
- Automated data validation and reconciliation workflows using **Python** and **SQL** across **PostgreSQL** and **Oracle** databases, improving data accuracy by **99.5%**.
- Managed incident response and SLA adherence for critical payment operations, contributing to a **99.9%** uptime for the core transaction processing system.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
