PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Installed and terminated **low-voltage cabling** for integrated technology solutions, achieving **98% pass rate** on initial testing across 50+ client sites.
- Executed physical installation of **displays, speakers, and sensors**, ensuring neat routing and adherence to project drawings, reducing rework by **15%**.
- Managed on-site **rack room organization** and headend maintenance, improving accessibility and **reducing troubleshooting time by 20%** for senior engineers.
- Performed basic fault finding and testing on installed systems, contributing to a **10% reduction in post-installation support tickets**.
- Automated routine site survey data collection using **Python scripting**, decreasing data entry time by **3 hours per week** and improving accuracy.
- Collaborated with **Project Managers and Senior Engineers** to ensure timely and accurate project delivery, consistently meeting or exceeding client expectations.

SKILLS

Installation & Cabling – Structured cabling, Network cabling, Data termination, Low-voltage cabling, Containment installation, Cable routing, Rack mounting, Cable testing

Tools & Equipment – Power tools, Hand tools, Fixings, Cable termination tools, Soldering iron, Multimeter

Systems Integration – Audio Visual (AV) systems, Security systems, Alarm systems, CCTV installation, Access control, Smart Automation, Networking fundamentals

Technical Support & Operations – Fault finding, Basic testing, Site surveys, Drawing interpretation, Linux scripting, Python automation, Production support, Incident response

Project & Client Management – Collaboration, Client site professionalism, Reliability, Punctuality, Teamwork, Technical documentation, Agile methodologies

EDUCATION AND TRAINING

MASTER OF SCIENCE in Data Analytics – National College of Ireland, Dublin

02/2026

BACHELOR OF ENGINEERING in Computer Science – SNS College of Technology, Coimbatore, India

01/2021

PROJECTS

Smart Home Automation System Integration (HCL Technologies)

- Designed and implemented integrated **smart home automation** systems for high-end residential projects, incorporating **AV, security, and access control** components.
- Managed the physical installation and **termination of structured cabling**, ensuring neatness and adherence to industry standards, completing installations **10% ahead of schedule**.

- Performed on-site **commissioning and basic fault finding** for integrated control panels and peripherals, achieving **99.5% system uptime** post-installation through meticulous testing.

Enterprise Financial Services Dashboard Enhancement (HCL Technologies)

- Enhanced a **payments operations dashboard** by developing new features for **transaction monitoring** and operational alerting, improving visibility into payment flows.
- Automated data validation processes using **Python and SQL** against PostgreSQL, reducing manual reconciliation efforts by **25%** and ensuring data integrity.
- Supported production environments with strict SLAs, contributing to **99.9% uptime** for critical financial transaction processing workflows.

ACHIEVEMENTS & CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California, Davis** (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
