PROFESSIONAL EXPERIENCE

SOFTWARE ENGINEER – HCL Technologies | Chennai, India

09/2021 – 01/2025 (3.5 Years)

- Provided on-site technical support to over 150 users across multiple departments, resolving hardware, software, and network connectivity issues within a 4-hour SLA target, achieving 98% first-contact resolution.
- Managed IT asset inventory for a 200-device fleet, implementing a new tracking system that reduced unassigned hardware by 30% and improved audit accuracy.
- Executed imaging and refreshing of 100+ laptops and desktops annually using **MS Teams** integrated deployment tools, ensuring all devices met current security and performance standards.
- Troubleshoot and resolved common IT issues including printer malfunctions and software errors for a user base of 250+, minimizing downtime by 15% through proactive monitoring.
- Supported live events by setting up and operating **AV equipment** from Crestron and Logitech, ensuring seamless audio and video for over 50 corporate presentations and meetings.
- Collaborated with senior technicians to resolve complex IT and AV issues, contributing to the refinement of support processes and documentation, reducing escalated tickets by 10%.
